Horrockses

Once upon a time the "Ladies-Who-Love-Dainty-Underwear" called upon the "Fairies-Who-Make-Lovely-Cloth," and asked them to weave a perfect fabric which should contain all the perfections of the materials then in existence, and leave out all the defects.

So the "Fairies-Who-Make-Lovely-Cloth" took the lustre out of Silk, and combined it with the Sheerness of Nalook, and then mixed in the firm, even texture of fine linen, and wrapped about it all the clinging freshness of soft lace, and named it "DIAPHANE" because they thought the name expressed the diaphanous, silky dream-cloth better than any other name. And then they put HORROCKSES' name on the selvedge because that name had come to mean a super-quality in cotton fabrics.

And the "Ladies-Who-Love-Dainty-Underwear" were perfectly satisfied and have used it ever since to make their embroidered, flattery lingerie, and blouses and negliges.

For name of the nearest store where procurable, write JOHN E. RITCHIE, Canadian Agent, 591 St. Catherine Street, W., Montreal. Branches: Toronto and Vancouver.

BIZARRE CANDIDATE GETS MAYOR'S CHAIR

YOUNGSTOWN, Ohio, Nov. 9.—A man who has lived in Youngstown but three months, and whose platform provided for discontinuance of street car service, turning the streets over to jitney buses, and for jailing any citizen who paid taxes under a recent revaluation, was elected yesterday.

Heals Inflamed Nostrils Stops Catarrhal Discharge Relieves Colds Quickly

You'll be pleasantly surprised at the quick action Catarrhose has upon catarrhal conditions in the nose or throat. It is so soothing, so healing, so agreeable to use, so safe and reliable that thousands praise it and use it every day. No nifty medicine to take—you just breathe in the balsamic vapor of the healing essence of Catarrhose and feel better at once. Catarrhose is breathed through the inhaler into every air passage in the throat and nostrils. No matter where the cold or catarrh in Catarrhose will reach it. You can keep free from coughs, colds, bronchitis and the like by using Catarrhose. Two months' treatment one dollar, small size 50 cents. Dealers everywhere, or the Catarrhose Co., Montreal. (Adv.)

mayor over candidates backed by the major party organizations.

He is George L. Oles, who came in from the country, established a real estate in a hotel, and carried on an eccentric advertising campaign without the support of any particular element or organization.

Other "planks" in Oles' platform included permitting "spooring" in city parks under police protection, dismissing the entire police force if it "doesn't mend its ways," and promise to turn over his salary to charity.

The women's vote is believed to have been responsible for Oles' election.

Manitoba Telephone Deficit

WINNIPEG, Nov. 9.—A loss of more than \$19,000 for the month of September was announced by the Manitoba Government Telephone Commission today. This is an increase of \$10,000 over the deficit in August, and is attributed to loss of long distance tolls, due in part to crop failures in many parts of the Province. John E. Lowry, commissioner, stated.

Michigan Paper Mill Merger

KALAMAZOO, Mich., Nov. 9.—Plans for the merger of three of the largest paper mills of Michigan were completed at a meeting here of directors of the concerns. It was announced today. The consolidation is to be known as the Allied Paper Mills, with a capitalization of approximately \$4,000,000.

Alpha Centauri is the nearest star.

SHOWS GERMANY BUILDING ARMY

French General Staff Takes to Washington Figures and Facts Concerning Troops and Equipment of Neighbor

WASHINGTON, Nov. 9.—M. Briand's desire in connection with the armament conference is that nothing should be withheld from the American public as to the military, economic or political situation of France or the reasons why that Government is or might be impelled to one course or another.

The military position and requirements of France are matters of anxious concern, and General Buisson, chief of the French general staff, has brought documents respecting the military strength of Germany and her potential power. These, it is said, include copies of secret instructions of the German Ministry of War concerning the grouping of former officers, of whom there are 2,500, into skeleton regimental formations, so that without delay military units could be created by summoning former service men of which there are four or five million.

General Buisson has a copy of the latest issue of the German army regulations published September 3, that does not deal, he points out, with an army of 100,000, as provided under the peace treaty, but with forces on a vast scale, including corps, armies and groups of armies.

The army section of the French delegation also has brought reports respecting armaments sold to be concealed in Germany. Arms and artillery factories owned by Germans, according to these reports, have been acquired or are being constructed in Germany beyond the supervision of the Allied commission of control. Such establishments are indicated in Holland, in Switzerland, and especially in Sweden. A large airplane factory is said to be in operation by Germans in Switzerland.

From a considerable documentation the conclusion is reached by the French general staff that the German Government and German organizations are determined upon a methodical and near-sighted preparation for war. That preparation, it is said, is in French military view, will consist largely in the permanent and increasing industrial powers of sixty million people as compared with France's forty million, modern war being that of the organized nation. Among the papers brought by the mission are studies in the chemical producing capacities of Germany, and the verifiability into munition supply factories.

MR. DRURY ADS LEADER CRERAR

Appears With Him on Platform on Behalf of Progressive Cause—Question of Loyalty Again Brought In

NAPANEE, Ont., Nov. 9.—Hon. T. A. Crerar, leader of the National Progressives, and Premier E. C. Drury of Ontario, again linked forces last night in pressing the Progressive movement in Ontario. Not since the opening meeting of Mr. Crerar's Ontario campaign has Mr. Drury been able to appear with him on the same platform.

Mr. Crerar once more charged that statements attributed to the Prime Minister were a reflection on the loyalty of many persons in Western Canada. Such statements, he sharply declared, might be all right in third or fourth rate politician back in a country echohouse, but they were to be regarded when made by those in authority.

Mr. Crerar said that the people, irrespective of class or creed, were flocking to the Progressive movement. In the Maritime Provinces several professional men were running as Progressive candidates.

"They see in the movement," Mr. Crerar added, "the possibility of the hope that good things may be done for Canada, that our public life may be purified."

Mr. Crerar regarded the financial position of the country as the most serious problem for solution. Protection, he claimed, had a narrow and sectional appeal, while the policy of the Progressives was wide and national in its outlook.

Premier Drury described the situation of the National Railways "as almost a disaster," and urged that freight rates were so high that they practically "strangled and stagnated every form of industry."

Premier of Jugoslavia

BELGRADE, Nov. 9.—King Alexander has designated Nikola Pachitch as head of the Jugoslav ministry. The Premier, in accordance with custom, has tendered his resignation to the King upon the latter's resumption of power following his recent return from Paris.

Dyed Her Dress Like New, also Child's Coat

Buy "Diamond Dyes" and follow the simple directions every package. Don't wonder whether you can dye or not successfully, because perfect home dyeing is guaranteed with Diamond Dyes even if you have never dyed before. Worn, faded dresses, skirts, waists, coats, sweaters, stockings, draperies, hangings, everything can be dyed again. Just tell your druggist whether the material you wish to dye is wool or silk or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run.

B. C. ELECTRIC CASE IS FURTHER HEARD

VANCOUVER, Nov. 9.—That the cost of living in Vancouver has decreased 19 1/2 per cent since the last adjustment of wages in October, 1920, was the contention of Mr. William Saville, representing the B. C. E. R. before the morning session of the Conciliation Board today. He presented a number of charts which had been prepared from figures issued by the Labor Gazette, using the quantities and prices therein to substantiate his claim.

In addition Mr. Saville pointed out that Vancouver possessed the lowest cost of living rate of any of the large towns in Canada, and at the same time had the highest rate paid to street railway workers, excepting the municipally-owned systems of Calgary and Saskatoon.

The men are represented at the hearings of the Conciliation Board by the joint advisory board of the Street and Electric Railway Employees' Union, consisting of the following members: W. H. Cottrell, chairman; W. A. Hoovey and F. E. Griffin, Vancouver Division 101; F. Ray and T. Butterfield, New Westminster division 134; A. Bayless and P. C. Wallace, Victoria division 101.

PARTY LEADERS ARE NOT COMING

Mr. Crerar Announces That He Will Not Campaign in This Province — Dr. Hamilton Stands

VANCOUVER, Nov. 9.—With the receipt of a message to Joseph Martin, K.C. from Hon. T. A. Crerar, stating that the leader of the Progressive party will not be able to campaign west of the Rockies before election, it became known that neither of the three party leaders will speak in the Province in the campaign. Premier Meighen and Hon. W. L. M. King had already stated that they will be unable to speak in British Columbia.

REVELSTOCK, B.C., Nov. 9.—Stating that he was in the campaign until the end, Dr. J. H. Hamilton, Liberal candidate for New Kootenay, denied the rumor that he intends to withdraw from the fight, in a campaign speech here last night. M. A. Macdonald, M.P., spoke in support of Dr. Hamilton.

CALGARY, Nov. 9.—Ed. F. Ryan, local barrister, was nominated by the West Calgary Liberals to oppose R. R. Bennett, Minister of Justice, and J. T. Shaw, the Progressive candidate. S. J. Samis, previously endorsed by the Liberals, dropped out. The vote was 17 to 14. Many delegates were in favor of supporting the Progressive candidate.

EDMONTON, Nov. 9.—Joseph A. Clark, East Edmonton Liberal, with endorsement of the Independent Labor Party, was nominated tonight. W. H. Whitford, M.P. for Victoria, Alta., was renominated Liberal candidate for that riding.

WINNIPEG, Nov. 9.—The wing of the Manitoba Liberal Party headed by J. A. Knott held a convention at Headingly, Man., Tuesday for the nomination of a candidate in the Fortage La Prairie constituency, but adjourned without naming a candidate. Premier Meighen and Harry Leader, Progressive, are already in the field. The convention split, one-half of the candidates withdrawing and passing a resolution opposing the proposed nomination of a Liberal candidate on the ground that there is already a Government opponent in the field. The Knott organization will arrange another convention later, it was stated.

Nominations made: Montmartre, Que.—M. T. Coulombe, Farmer. Outremont, Montreal.—E. W. Villeneuve, Independent. Swift Current—William McLaughlin, Liberal. Centre Winnipeg—Major N. K. McIvor, Government. Saskatoon—Dr. P. D. Stewart, Liberal. Argenteuil, Que.—David Black, Farmer. Gloucester, N.B.—J. Degraze, Government.

PROHIBITIONISTS ENTER CAMPAIGN

Urge Electors to Vote Only for Candidates Pledged to Support "Bone Dry" Legislation — Paramount Issue

CHILDREN'S COUGHS QUICKLY RELIEVED

It is hard for to keep the children from taking cold; they will run out of doors not properly wrapped, or have too much clothing on and get overheated and cool off too suddenly; they get their feet wet, kick off the clothes at night. The mother cannot watch them all the time, so what is she going to do?

Mothers should never neglect the children's coughs or colds, but on the first sign should procure a bottle of

DR. WOOD'S NORWAY'S PINE SYRUP

It is pleasant and nice to take, and relieves the cough or cold in a very short time and thus prevents bronchitis, pneumonia, or perhaps consumption getting a foothold on their system.

Mrs. E. Smith, 234 Victoria Ave., North, Hamilton, Ont., writes: "I have three children who have had very bad colds, due to change of climate. I have tried different remedies, but I seem to get the best result from Dr. Wood's Norway Pine Syrup. I have no difficulty in giving it to them, as they like it. I always have at least one bottle in the house."

Price 35c and 65c a bottle, at all dealers. Put up only by The T. Millburn Co., Limited, Toronto, Ont. (Adv.)

MR. KING STATES TARIFF POLICY

Repeats That Liberals Desire Revision Downward—Declares Government Is Held on Horns of Dilemma

SUDBURY, Ont., Nov. 9.—That there had been no revision of the tariff by the Meighen Government because it was on the horns of a dilemma, was the declaration of Hon. W. L. Mackenzie King at the Liberal meeting here last night.

Mr. Meighen could not revise the tariff upward for fear of losing the people's vote," Mr. King declared. "He could not revise it downward because that would have cost him the support of the wealthy interests which had been the hidden supporters of the Government. Mr. Meighen talks of revision, but he does not tell you how he intends to revise the tariff. We tell you our policy is of revision downward."

The Liberal leader challenged anyone to produce any two of his tariff statements which did not coincide. He appealed to all the forces opposing the present Government to get together and make a determined and united fight.

The Liberal leader spoke here on his way through to the Prairie Provinces.

Mr. King declared that the Government had made sure that the interests supporting it would not be defeated in the next parliament "by packing the Senate with men of its own kind, who would be there to oppose any reforms which were against the interests of those who had kept Mr. Meighen in power." For this reason, he said, it was useless for the Progressive or Labor parties to talk of putting through extreme legislation of any kind.

The Meighen Government has been no friend of labor men, Mr. King asserted, though it had been able to protect the interests of its wealthy friends. It had refused justice to the Grand Trunk employees in the matter of pensions and reinstatement.

WINE COMPANY LOSES ITS FINAL APPEAL

VANCOUVER, Nov. 9.—The Canadian Pacific Wine Company lost its final round today for possession of the huge stock seized a year ago by the Government.

At that time, for the indiscretion of selling a case of whiskey in contravention of the Prohibition Act, a stock valued at a quarter of a million dollars was ordered forfeited to the Government. The liquor would be worth \$400,000 today.

On one phase of the case the company has already been defeated in the Privy Council. As a forerunner hope, the appeal was brought today against a refusal by Mr. Justice Morrison some time ago to grant a writ of certiorari. Today, according to a decision of the Court of Appeal, Mr. Justice Morrison's dismissal of the certiorari proceedings is upheld. Three members of the court agreed on this judgment, with Mr. Justice Ebert dissenting. Litigation regarding the whole case will now probably be dropped.

FORBIDDEN TO SPEAK TO SCHOOL CHILDREN

LONDON, Nov. 9.—The educational authorities of Harnsey have forbidden the candidates in the Harnsey by-election to give addresses to the school children, as had been proposed. On behalf of both candidates, Lord Ednam, Conservative, and Leslie Burgin, Liberal, invitations had been issued to the teachers and scholars to listen to addresses by the candidates, and it was intimated that the scholars would be permitted to ask questions of the candidates.

In connection with the educational authorities stand, the Liberal candidate, Mr. Burgin, states he would not have talked politics to the teachers or scholars, but would have addressed them upon the duties of citizenship.

Lord Ednam, the Conservative, says that although he had agreed to address the scholars, he saw little profit in the idea.

ASSERTS SHOE PRICES WILL SOON DECLINE

BOSTON, Nov. 9.—The era of high shoe prices is practically ended and in the near future good shoes can be purchased for \$3.50 and \$4. I. N. White, president of the I. N. White Shoe Co., of Bridgewater, told the State Board of Conciliation and Arbitration.

SHOWS ITS GRATITUDE TO COLONEL DENISON

TORONTO, Nov. 9.—The proposal of the Board of Control to grant Colonel G. T. Denison, for forty-four years

police magistrate of Toronto, a superannuation allowance of \$5,000 a year aroused a good deal of discussion at yesterday's meeting of the Toronto City Council, and was finally referred back with a suggestion to the board to bring in a more moderate recommendation.

Mayor Church declared that Colonel Denison had saved the city \$100,000 a year in jury fees alone.

State Bank Robbed
YAKIMA, Wash., Nov. 9.—The Buena State Bank, located about 14 miles from here, was robbed some time last night, the burglars getting about \$500, according to the brief report made to the sheriff's office. No further details are available at this time.

FARMERS NEED RATE REDUCTION

Counsel for Prairie Governments and Grain Growers Presents Strong Case to Railway Commissioners

WINNIPEG, Nov. 9.—Declaring that the basic industry of Western Canada—agriculture—was faced with absolute prostitution, that farmers were leaving the country for the city, and that the grain traffic of the railways showed absolutely unbusinesslike returns, ranging from 251 per cent to 487 per cent, H. J. Symington, K.C., representing the Manitoba and Saskatchewan Governments and the United Grain Growers, asked the Board of Railway Commissioners at this morning's session of the board here to make drastic and material reductions in the grain freight rates in Western territories.

At the conclusion, the board announced that its decision would be withheld pending a further hearing to be held shortly in Ottawa. Application of a similar nature, Mr. Symington said, was made last April, but it had not brought any tangible results. "We had hoped that what had been plain to us for some time," he said, "would have brought this about. The board, however, could no longer delay in bringing about this reduction. The financial prosperity of Western Canada, and of the Dominion generally, as well as the railways which exacted the tolls, were affected."

This industry, farming, was now selling its products at prices either pre-war or less than pre-war. The rates from Calgary to the lake head were 62 1/2 per cent higher than in 1917, and from Winnipeg, 80 per cent higher. Prices of wheat were still falling, said Mr. Symington. Thursday last being the lowest. On one dollar wheat the farmer today was unable to pay the charges imposed on it. The traffic simply would not bear the cost. The railways, he claimed, rushed the grain forward this fall in order to get the maximum haul and the maximum rates, as they knew these rates were bound to come down. They broke records in getting grain to the lakehead elevators, but they have also broken more farmers than before. In the haul from Calgary the earnings of the railways were 851 per cent, while from Winnipeg they were 437 per cent. If it were divided by four, the returns would still be unbusinesslike, counsel claimed. The railways admitted, he said, that they made all their profits during the grain rush in the fall.

DELIVERS AWARD IN WAGE DISPUTE

Majority of Board in National Railways Case Decides for Reductions of Pay on Modified Scale

OTTAWA, Nov. 9.—The award of the board of conciliation on the wage dispute between the Canadian National Railways and its employees, members of the Canadian Brotherhood of Railway Employees, handed in this morning to the Minister of Labor, is signed only by the chair, man, Rev. Byron Stauffer, and Harold Fisher, the member for the employees. The representative of the railway company, G. D. Kelly, dissented. The award sustains the reductions in the salaries of employees being paid more than \$125 a month, but in the case of those employees receiving less it recommends that the schedule worked out by the railway for its lower paid employees in the Toronto accounting department be generally adopted. Instead of a flat 12 1/4 per cent reduction, this schedule provides a monthly reduction of \$5 for those receiving \$80 a month, \$7.50 for those receiving \$95 to \$125 a month, \$12.50 for those receiving from \$125 to \$150 a month, and \$15 for those receiving \$150 a month and over.

The award sustains the reductions in the wages of stenographers and in the wages paid sleeping, dining and parlor car employees. With regard to sleeping car porters and dining car waiters, the board declares its willingness to make a supplementary report dealing with their wages if the management and the employees will "seriously undertake the pioneer reform of abolishing gratuities."

In so far as transient labor wages were considered, the board held that the rates fixed by the railway were in accordance with the present wages in the open market.

In the case of all hourly paid men other than transient laborers, such as loaders, freight truckers or porters, etc., the board recommends that the maximum decrease be not greater than 10 per cent of the wages paid before the reduction. Decreases of less than 10 per cent in the case of these employees should stand, the board holds.

This ruling, the board declares, should apply to all additional classes

of a similar character to the foregoing.

The award adds: "This board is in hearty agreement with the contention that changed conditions imperatively demand a general decrease of wages from the highest peak of war and post-war conditions. But we cannot avoid the conviction that the reductions proposed and put into effect are much harder on the lower paid men than on the higher."

BRITAIN TO PAY DEBT INTEREST

Chancellor of Exchequer Announces That Sum of £50,000,000 Yearly Will Be Transmitted to United States

LONDON, Nov. 9.—An arrangement has been made to begin paying the interest on the debt owed by Great Britain to the United States at the rate of £50,000,000 yearly. It was announced in the House of Commons today by Sir Robert Horne, Chancellor of the Exchequer.

Sir Robert made this announcement in the course of a statement on the budget prospects. He added with emphasis:

"I hope this remark about the debt we owe the United States will not be made the occasion for any discussion of the inter-allied indebtedness. It does not conduce to the friendliness of the feeling between the United States and ourselves to discuss that matter at all at present."

"Any careful reader of the American press," he continued, "would discover how much harm already has been done by that discussion. Our attitude in regard to our debt must be that we shall always be prepared to pay, and that we shall meet our obligations, however hard and difficult their circumstances may be."

WASHINGTON, Nov. 9.—The treasury is as yet without advice from Great Britain as to that Government's intention to begin the payment of interest upon its debt to the United States, officials said today.

However, officials said it was probable that Great Britain was preparing to begin interest payments under the tentative understanding by which the interest on the debt was deferred for a three-year period ending next April. The British debt now stands at approximately \$4,166,000,000, with interest payable at 5 per cent. There is, however, accumulated interest which would amount to about \$600,000,000 on November 15.

Corn Crop Declines Slightly
WASHINGTON, Nov. 9.—The corn crop declined slightly during October, today's preliminary estimate of the production made by the Department of Agriculture showing 1,365,000 bushels less than was forecast a month ago. For the year the crop is 3,161,698,000 bushels, still one of the largest ever produced.

TRUSTEES DEAL WITH QUESTIONS

Mr. Gibson Speaks on Training of Pupils in Practical Matters—Promotions by Teachers Found Satisfactory

NEW WESTMINSTER, Nov. 9.—After hearing from the secretary the results of resolutions passed at the Nelson convention, the sixty school trustees in convention were treated to an expression of the latest definitions and purposes of expert educationists.

F. W. Gibson, Dominion director of school gardens, in a formal address claimed that the newer conception of teaching was to represent the activities of life and give children experience in the use of materials and methods to be most effective in adapting conduct to worthy living. Children learn by impressions and are educated by environment. Nature study is fundamental in developing their faculties.

Special subjects once optional are now compulsory in England as practical subjects. Cooking and housewifery are included in these. Constructive creative labor with the method of nature and of life was made the school of the future, according to Mr. Gibson, expert.

Inspector Ansey pleaded for greater publicity on educational matters through the press, and otherwise defended eloquently and logically the "special subjects" now taught in schools.

Mr. Charlesworth and Inspector Stuart voiced educational experience on the principle of allowing teachers to put pupils on without examination for entrance. The trustees agreed the continuance of this system.

The convention yesterday urged the establishment by the Government of consolidated school areas without regard to existing municipal boundaries so as to include such territory, whether municipal or otherwise, as naturally lends itself to successful consolidation, and to exclude such territory as cannot profitably be so consolidated.

A defeated resolution demanded the extension of the public school course to make it more or less independent of any high school course, so that a pupil not intending to go any further than the public school would be able to get on in the world. A third resolution, sent back to the resolutions committee, dealt with the question of accepting positions and then throwing them down for more lucrative ones.

Angora Wool, white and black, grey, pink and sky. At, per ball.....\$1.25

Hill Farm Cobble Hill

Containing three hundred acres; one hundred acres cleared and underdrained; about seventy acres of rough pasture; sixty-five acres parked; also suitable for early pasture. This farm will carry about forty dairy cows, four horses, and a sufficient number of hogs to take care of surplus feed. The buildings are in perfect condition. The main residence contains eight bedrooms, large living-room, dining-room, kitchen, two bathrooms; cement basement, with laundry tubs, etc., etc. A perfect system of hot water heating and wired for electric lighting. Five of the bedrooms contain washbasins, with hot and cold water laid on. In addition there are three farm cottages, two with bathrooms complete, the third cottage has the water laid on only. Septic tanks are installed and connected with all buildings.

First-class brick dairy; 28-stall concrete dairy barn; calf pen for twelve calves; large stable, 56 x 120, that can be converted into dairy barn; bull pen, implement shed, loft room for crop and hay, etc. Piggery plant can be converted if desired to handle one thousand head of poultry, or restored to take care of one hundred and fifty hogs. With an additional building, 45 x 90, that is ideal for sows with litters, or would serve as an excellent brooder house for poultry. There are two wells that have never failed present tank capacity, 7,500 gallons. The wells easily produce 10,000 gallons in 24 hours. Water is laid to all buildings, likewise to every field on the farm.

This delightful property will be for rent to a desirable tenant on and after December 1. The E. & N. Railway runs to Cobble Hill. The farm is one and one-half miles from the station. The man in charge will be pleased to show you the land and buildings.

If interested, apply to

Box 7114, Colonist Office

Applications will be dealt with on or about November 15.

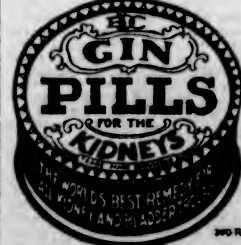

Canada and Protection

If ever Canada abandons her protective tariff we shall be delivered into the hands of the most powerful trusts in the world. The Canadians will in this case be riding themselves of the pigmies to throw themselves at the feet of the giants if they remove the tariff barriers which protect our new-born industries. The counter-effect of such a change would be more terrible in its consequences than this forecast represents. The ruin of our industries and the strophy of our agriculture would result in the rapid deterioration of our 45,000 miles of railways. Lines running west and east would be paralyzed almost at one stroke, and our commerce would

go from north to south and vice versa—a condition which would soon carry us to the doors of national bankruptcy. And French-Canadian nationality would commence its awful agony.—L'Evenement.

Electric shocks frequently result in paralyzing the heart, causing death.

A SUGGESTED REFERENDUM

The City Council appears to be in a quandary about the course it should pursue regarding the Elk Lake watershed, and no doubt some definite action will be precipitated if the Legislature gives Saanich power to tax that area. The granting of such power should only involve one decision, and that would be the sale of the property so that it would be a burden to the city no longer. The advocates of the area being set aside as a public park do not appear to have gained much ground in their campaign, for, while the suggestion has features which commend it to public attention, it is questionable if such a park would warrant the expense involved to give it park-like features and make it a recreation ground. Others maintain the area should be retained for the purposes of a water supply, but this contention can be answered by saying that the need for this will be in Saanich, and it is the people of that municipality who should be concerned in the premises. Victoria has to consider her own financial obligations, and these are so heavy that the question of selling the Elk Lake property is one very much in the limelight of practical politics.

Irrespective of any course of the Legislature relating to giving Saanich the power to tax this property, the City Council should take a referendum on the subject of its sale. It is the people's property and they should be consulted about its disposition. If, as is claimed, it can be sold for some hundreds of thousands of dollars, the sale would be an excellent stroke of business at a time when money is so badly needed, and the proceeds could be applied to the civic sinking funds. It is a time for retrenchment in outlays. The city is struggling to hold a sale of reverted lands, and there is every whit as much justice in the suggestion that the Elk Lake property should also be converted into ready cash, to say nothing of the fact that the disposition of the property to private ownership would, in every probability, make it productive and a source of revenue to both Victoria and Saanich. If the application of the latter municipality for power to tax the property is refused, the question will still remain of what disposition is going to be made of the Elk Lake watershed. On the other hand, if the people are asked to decide by a referendum the matter will be finally disposed of and the City Council relieved from the responsibility it now faces.

HIGH SCHOOL EXPENDITURES

The policy of any applicant to the office of School Trustee in the coming municipal election should be the elimination of expenditures on experiments and advocacy of the devotion of more time and attention to the fundamentals of a public school education. That, we believe, is the sense of the great mass of the parents of school children, and the desire which led to the defeat of money-bills for extraordinary expenditures on school purposes. The people are persuaded, and with a good deal of justice in their viewpoint, that there is now a wastage of public funds. This realization also maintains among members of the City Council and is responsible for the desire that the functions of the School Board should be transferred to the authority which levies taxation. We may say, too, that the lesson of the public protest this year against extraordinary expenditures has not been learned by the School Board, which still seems to entertain the idea that it knows better what the people can afford to pay for education than do the people themselves.

During the past months of September and October school expenditures have increased at a yearly rate of over \$200,000 beyond what they were in 1919. Efficiency, instead of increasing in the same ratio, would appear to have declined. The local High School, with its adjunct of a Technical School, is costing at the rate of well over \$100,000 a year. There have been nine new teachers appointed to the staff of this school during the present year, in addition to the places of those who resigned being filled. During the present term the increase of students over the Summer holidays, is probably 100. The Technical School, to which we have alluded, has a staff of four teachers, whose combined salaries exceed \$10,000 per annum. Our impression was that the main reason for the defeat of the money-bills of last Summer was because of the proposal to extend technical education. Apparently refusing to admit that this thought influenced the voters, the School Board has since increased its expenditures. Two new teachers were appointed to the technical school at salaries of \$1,100 each. Technical machinery

has been installed at a cost of \$1,200, and it would appear that up to date the Board's estimate for technical education is exceeded by some \$2,500 and the financial year is still nearly two months from its expiration.

It is not altogether clear why the High School should need nine more teachers over and above the staff which was maintained there. The fact that the students did not make a particularly good showing in the Summer examinations constitutes no reason why the School Board should be stampeded into extra expenditures, and an addition of 100 children certainly did not call for the appointment of nine more teachers. The School Board should make public every step that it takes in the direction of attempted reform at the High School. We have alluded to the appointment of new technical teachers, and in doing so do not claim that their entire salaries are paid by this city, but we do claim that the School Board has no mandate to overstep its estimate for technical education. The inability of the public to bear the increasing educational costs is certainly not recognized by the School Board when that authority permits the appointment of nine new teachers to the High School. It is in these respects we reiterate that the Board should reform its own ideas on the subject of education and endeavor to adjust expenditures so as to meet the manhood of the public who have to pay. Since we have State education the people are entitled to know what new outlays are undertaken above and beyond those which may be characterized as routine. Where the people pay they deserve to be consulted more than they are at present, and until they are it is certain criticism will prevail.

CIVIC AFFAIRS

Mayor Dugan, of Edmonton, in a recent address he made on municipal problems to a Calgary audience, touched very closely on the causes which account for the financial conditions in so many municipalities of Western Canada. The key to efficient municipal government, he believes to be the education of the people in municipal affairs. He is opposed to any new form of civic government which would tend to rob the people of their inherent right to control their own affairs. How these are controlled is generally a matter of how far public interest can be aroused in municipal management, for the greater the number of citizens who vote the more likelihood there is of good men being elected to office, and civic administration will benefit in proportion. Mayor Dugan believes in the principle that the people like to hold someone responsible, and if this power is taken away, and if the executive functions of administration are to be carried on by someone who is not the people's choice, there is a tendency to create a disinclined type of citizen. In dealing with civic finances Mayor Dugan, in speaking of the experience of the past in western municipalities, said:

The old and tried principles of taxation were abandoned and the sound advice of economists with historical reputation was ignored and sometimes scoffed at. Today the penalties have to be paid in some form or other to be made and every municipality realizes that it cannot finance on the fads of theoretical economists. Practically all the cities in Western Canada adopted the system of raising, or endeavoring to raise, the greater part of their revenue from a tax on land and improvements. The adoption of the single tax the greater is its financial difficulty today, and its arrears of taxes are proportionately higher than in other municipalities.

As a result of this experience it is no wonder that Mayor Dugan, as well as so many others, is attempting to arouse public interest in civic affairs. He is persuaded that only in this way can an adjustment be brought about, for he caustically remarks that "men cannot register their minds at the polls unless they have minds to register, and the voter who makes up his mind without information is no source of strength to any government. It is well that those in authority should be thinking in the terms in which Edmonton's Mayor has expressed himself, for the sooner there is a public realization of our taxation problem and the process of readjustment is commenced, the better it will be for our development and prosperity. There is no problem that is weighing on the people today so heavily as that of municipal taxation. When taken in conjunction with the imposts levied for Federal and Provincial purposes it constitutes one of the main reasons there is so much political unrest and a disposition to depreciate the merits of governments.

Seeking Foreign Trade

There is no truth whatever in the commonly repeated statement that employers are striving to reduce labor to the old standard. Employers are striving first and foremost to secure trade, and many of them know that there is no chance of getting it while the costs of production stand at their present height. To get back to normal trade, on which the prosperity of British industries depends, and without which we cannot hope to maintain the present population of these islands, labor will have to work harder and produce more, and capital may well have to be satisfied also with smaller profits. But first it must begin to make profits, and the way thereto lies through friendly co-operation, through Whitleyism, through common-sense and conference.—London Daily Telegraph

News of Vancouver Island

PERSONAL PROPERTY TAX VERY UNPOPULAR

Nanaimo Board of Trade Endorses General Opposition to Government Proposal—Permanent Road Work Policy

NANAIMO, Nov. 9.—The regular meeting of the Board of Trade was held last evening. The principal business to come up for discussion was the proposed personal property tax, to which strong exception had been taken. It was decided to endorse the motion of Premier Oliver and to Wm. Sloan, the local member, vigorously protesting against any form of personal property or "service" tax or assessment as being unjust, unfair, and detrimental to business growth and development. Mr. A. Leighton spoke at length upon the subject and will, at the next meeting of the board, take the matter up in detail. A communication was received from the local automobile association asking for the endorsement of the proposal to urge upon the Government a policy of permanent road work. The members of the Board of Trade heartily concurred in the automobile club's efforts to secure the necessary road work, and went on record as favoring plans of approaching the Government in this respect. The acting vice-president of the Board was requested to appoint a committee to work with other organizations of the city with a view to the relief of the flood victims of Britannia Beach. This committee will be appointed and start active work at once.

TENNIS CLUB GIVES DANCE AT DUNCAN

DUNCAN, Nov. 8.—The dance given by the Duncan Lawn Tennis Club in the Agricultural Hall here last evening proved an outstanding social function and a decided success from every standpoint. About one hundred and fifty couples tripped the light fantastic to the strains of Prof. Heston's four-piece orchestra. From the first dance till the final but the music the entire dance went off with a wonderfully good swing. The hall was gaily decorated for the occasion. Evergreens banked the walls, the lights were shaded effectively in tones of russet brown, with Autumn tinted trailing vines overhanging. In the upper room the decorations were most charmingly carried out under the supervision of Miss K. Powell. Autumn tinted lines were festooned from the hanging lights which were dimly shaded in tones of russet brown, with leaves of Autumn hues, and jardiniere with red haw and snow berries and trailing vines were employed on the table, while on the walls were hung a reminder of Thanksgiving in the scenes which were bordered with evergreens.

A most delicious supper was served. Mrs. Rock, with Mrs. E. W. Carr, Hilton, Mrs. Aldersey, Miss Dove, Miss Joyce Wilson, Mrs. W. E. Christmas, Misses M. and K. Robertson, E. W. Craig and Mrs. Watson, being responsible for this department. The decorations in the main hall and the various duties of the men were carried out by the members of the club. Mr. Carr, Hilton, W. B. Christmas, W. Smith, Helen Brown, A. Rees, A. Bell and Douglas Hinton. Miss Sylvia Kennington was awarded the prize, scoring the highest number of votes as the belle of the ball. The committee in charge wishes to express appreciation to all those who so kindly assisted in numerous ways in making the evening a success. The music for the supper extras was kindly provided by Mr. Rushton and Mrs. Martin.

SIDNEY NEWS NOTES

SIDNEY, Nov. 8.—The concert given in the Berquist Hall tonight by Miss Midway and her concert party, of Vancouver, under the auspices of the W. A. of St. Andrew's Church, showed rare talent on the part of the performers. Sidney has fine talent, and the concert was a great success. There were not more than a few people present. Miss Midway has a lovely clear soprano voice. She sang eleven songs, the favorite being "Goodbye." The audience demanding an encore, she sang "Comin' Thro' the Rye." Mrs. Haley, the violinist, charmed the audience with her lovely solo, the sweetest of which was a Norwegian folk song by Ole Bull. Miss McLean, the pianist, played brilliantly. Dances were given by the favorite Miss Sharrman, the electrician, who played the piano, especially as both Romeo and Juliet. The evening was an altogether delightful one for those who attended.

The annual meeting of the North Saanich local of the United Farmers of British Columbia took place on Saturday evening in the North Saanich School. There was a large attendance. The following officers were elected for the coming year: President, Mr. J. Livingston; vice-president, Mr. R. M. Macaulay; directors, Mr. C. Moore (Deep Cove), Mr. G. Clarke (Patridge Bay), and Mr. N. LeGallie (Centre Road). A committee was formed to wait on the B.C. Electric Railway Company to ask for a better service to cars from Baxan Bay and also the erection of a station there. A committee was formed to canvass North Saanich in reference to the fruit industry, particularly regarding the marketing of the 1922 crop. This canvass will take place in the near future. A committee was formed to arrange for a pruning class to be held under the auspices of the Horticultural Department. Lessons will be given on pruning, grafting, budding and waxing of trees. A series of lectures on the subject will also be given. Those interested are asked to send their names to Mr. W. C. Clarke, Breeds Crossroad, as soon as possible.

The Veterans of France will give a ball in the Berquist Hall on Friday evening, November 11 (Armistice Night). The party's object will be to supply the music. Flying Lane buses will leave Victoria at 8 o'clock in the evening and return at 1:30. Supper arrangements are in the hands of the Women's Auxiliary of the V.

erance of France, which will also sell poppies at the door, the money going to the widows and orphans of the great war.

The first anniversary services of the Union Church were held on Sunday last. The church was beautifully decorated with flowers and plants. Rev. T. Griffith delivered an eloquent sermon on "Rejoice and Remember," introducing the lessons learned in the great war. Mr. Handley Wells, of Victoria, was in splendid voice, singing "Nearer, My God to Thee" beautifully. The choir rendered two numbers in a manner that gave evidence of faithful practice. On Wednesday afternoon the children of the church will meet in the basement, where games will be played and tea served, while the older people will gather in the church at night for a congregational meeting. Refreshments will be served.

Mrs. W. Speakman and her little granddaughter, Betty Barnett, spent the week-end and Thanksgiving day with Mr. and Mrs. J. T. Taylor, Fifth Street.

Mrs. S. J. Taylor returned home today after visiting friends at Duncan and Soanemo.

Mr. Abbott and son Harry, of Vancouver, returned home last night after having spent a few days as guests of Mr. and Mrs. A. Stevenson, Roberts Bay. Mr. E. Fisher and Mr. T. E. H. joined them there on Saturday last and remained over Thanksgiving Day.

Miss Winnie Ellis, of Victoria, spent the week-end and Thanksgiving day with her parents at their home, Roberts Bay.

Mr. Gordon Nicholson is visiting his parents at their home at Roberts Bay. He has spent the Summer in Kettle Valley, having taken the soldiers' course in farming.

Mr. E. A. Cartwright, Mr. L. Deacon, Miss J. Smith and Miss D. Lombough, of Victoria, and Mr. and Mrs. Arthur Critchley and Mr. C. Smythe, Sidney, were the guests of Mr. and Mrs. B. Duncan, Marline Drive, on Thanksgiving Day.

Mr. Rowan moved, seconded by Ald. Planta, that the Finance Committee see what the Council could do.

Ald. McGuckie pointed out that the report of the Finance Committee would be a minority one since the resignation of Ald. Barsby, but suggested that each member of the Council donate one month's salary as a start.

Ald. Rowan objected to this, and claimed the motion was out of order. His Worship, while perfectly willing to fall in line with the suggestion, stated the motion was out of order, as it was voting away other people's money. In conclusion, after the main meeting of the Council, it was decided that the city would appropriate \$200 as a start to a fund to be raised by public subscription.

Miss Sylvia Kennington was also received from the caretaker of the waterworks to the effect that over the South Fork bridge 200 feet of 12-inch pipe had been washed out of place and three lengths of 14-inch pipe had been washed out and carried away. The second bridge had dropped out of place.

A resolution which had been placed before the Council by the local Retail Merchants' Association regarding the proposed personal tax, in which the rapid water control project was endorsed after a lengthy discussion.

Ald. Hart moved that the city appoint a city engineer. The motion was seconded by Ald. Rowan. An amendment was finally passed to take the matter up in committee of the whole. Several applications had been received for the position of city engineer, but they were not read, being filed for future reference.

The public works manager reported on expenditure of \$12.75 on streets and \$32.75 on waterworks for the week.

NANAIMO NEWS NOTES

NANAIMO, Nov. 9.—The railway bridge spanning Nanaimo River just below Station, over which the trains of the Canadian Collieries, Ltd., run, and which has been out of commission since the heavy rains, is being washed away. Immediately traffic is through the contractors will start on the new bridge, which is to be erected just above the old one.

All fishing operations at Sooke Harbor are through for the season, and both Messrs. J. H. Todd & Sons and the Sooke Harbor Fishing & Packing Company have pulled all their salmon traps, and this week are stowing away gear. All men will be paid off this week-end.

The Sooke basketball team has re-organized for the season and training started for a strenuous season's games. In two weeks the West Coast League series starts, and in between games the Sooke team will be looking for games with the city teams. In the meantime the members of the club are busily engaged in raising the ceiling of their gymnasium. The hunting season has been particularly good this year, and many good bags have been secured, particularly deer, it being estimated that over 100 bucks have been shot in the district this season. Just now duck shooting is at its height, good bags being got every day. With the easing of the motor traffic consequent on the bridge being out, the road gang has been enabled to effect good repair work to the main Victoria-Sooke Road, and Major Campbell, the road superintendent, is to be congratulated on his excellent shooting. In fact, it has never been better that it is at present. Crab fishing is in full swing now.

FARM FOR SUBDIVISION
COURTENAY, Nov. 7.—One of the best known farms in Comox Valley, after having been in the possession of Mr. and Mrs. William Robb, is being subdivided and put on the market. This farm was owned by Mr. William Robb, who died five years ago, and Mrs. Robb, who still occupies the premises, is a well known and respected resident in Comox. Mr. Edmund Davis, provincially known as a dairyman and a director of the local creamery, has operated the farm for a number of years. This is the second big farm in the vicinity of Comox to be sold recently.

NEWS OF SOOKE DISTRICT
SOOKE HARBOR, Nov. 8.—Speedy progress is being made by Messrs. Palmer Brothers, the Vancouver contractors, who have the job in hand of rebuilding the Sooke River, and the temporary bridge will be completed by Friday, when motor traffic will again be open right through to the Sooke Harbor Hotel, Otter Point and Jordan River. The temporary structure is being thrown across at the point where the old bridge was washed away. Immediately traffic is through the contractors will start on the new bridge, which is to be erected just above the old one.

DRAMATIC CLUB GIVES ENTERTAINMENT
COURTENAY, Nov. 8.—The Courtenay Dramatic Club scored a great triumph last night, when in their initial appearance they presented the English comedy-drama entitled, "The Monkey's Paw." The parts were well acted and there were no long waits between the acts. The cast of characters included Miss Douglas, Messrs. Dricknell, Nixon, Stubbs and Bates. Preliminary to the play an enjoyable musical programme was presented, this being also thoroughly enjoyed. The programme was carried out as follows:

Songs, "In Flanders Fields".....Mrs. H. Horsey
Character Sketch, "Yellow and Black".....Mrs. H. Horsey
Musical, "Mistaken Identity".....Mrs. H. Horsey
Musical, "Cobbler's Song" from Chu Chin Chow.....Mr. Brickenell
Lia Brown from "Bling Boring".....Mrs. H. Horsey
Musical, "Fighting Finians".....Fete McLoughlin
Madam Chow Chow, Clairvoyant and Palmist.

A dance followed the show, the proceeds of the entire entertainment going to the G.W.V.A., their finances no doubt receiving a handsome addition, as every seat in the Majestic Theatre was occupied.

NEW FROM CHEMAINUS

CHEMAINUS, Nov. 8.—Last Wednesday afternoon the Sister Agnes Keyser Chapter, I. O. O. E., held a special meeting at the home of the regent, Mrs. H. B. Holked, for the purpose of making poppies for the tag day for the Canadian National War Memorial. Twenty-one members were present and 430 poppies were made.

FIFTY YEARS AGO TODAY

(From The Daily British Colonist of November 10, 1871.)
New Council.—The new corporation stands as follows: Mayor, W. J. MacDonald; Councilors, James Bay, Ward, B. Lewis, T. A. Murray, Yates Street, Ward, J. E. McMillan, Charles Gordon, Johnson Street, Ward, J. D. Taylor, G. C. Gower.
Birthdays of Prince.—The thirtieth anniversary of the birth of His Royal Highness the Prince of Wales was celebrated as a general holiday in our streets. Flags were thrown to the breeze and business generally was suspended. A large number of people wound their way to the Beacon, where a general holiday was observed. The names of the guests which were of a very interesting character and were patronized by His Honor Lieutenant-Governor Truitt and Her Excellency Lady Truitt. The new were under the able direction of Messrs. Henry Nathan, G. C. Gower, A. Keast and A. Dunster.

than a private dwelling, and W. McLennan, of the Eagle Hotel, was fined \$50 and \$5 costs for not having opened a bedroom door to the police when entering the premises with a search warrant.

Sooke supplying practically all the crabs for the Victoria market. There has been noted activity in building in the district lately, particularly on the Saanichtown property, Mr. C. B. Pike having just built a fine residence on the spit, while several other small cottages have also been erected on lots nearby. Several new small holdings have been taken up on the Sooke River Road also, where small shacks have been built. Like the rest of the lower portion of the island, Sooke has been enjoying beautifully mild and sunny weather for the past few weeks.

The SS. Kalkyu Maru has been loading railroad ties and mixed lumber for Japan. A year ago the master of the ship, Captain H. Yamamura, was conveyed to Europe by force from Russia and landing them at Kiel and Trieste.

The maximum temperature for October was 65 degrees on the 9th and 10th; minimum temperature 21 degrees, on the 23rd. Rainfall, 11.79 inches.

Deer are very plentiful. Quite a number were shot last week. Mr. Arthur Howe, Jr., got a fine five-pronged buck.

Good bags of birds are reported. Fishing is excellent. Trout are taking the fly well.

FUNDS ARE NEEDED FOR ISLAND HOSPITAL

Lady Minto Gulf Island Hospital Appeals For Money to Provide Increased Accommodation
An appeal is being made for the purpose of finishing the upper part of the Lady Minto Gulf Islands Hospital building. This will provide much-needed accommodation for the nursing staff and give additional wards for the use of the public on the ground floor.

The funds needed are between \$1,400 and \$1,800, of which half has been guaranteed by the Government. Money in hand for this purpose is now about \$450, thus leaving \$950 odd to be raised by this appeal. Donations for same will be gratefully received by the secretary, Mr. C. R. Stuart Holmes, Ganges, B.C., and all donations will be publicly acknowledged in The Daily Colonist.

With the easing of the motor traffic consequent on the bridge being out, the road gang has been enabled to effect good repair work to the main Victoria-Sooke Road, and Major Campbell, the road superintendent, is to be congratulated on his excellent shooting. In fact, it has never been better that it is at present. Crab fishing is in full swing now.

1997 Government, 2000

The Cold Weather Battery

The remarkably low internal resistance of the Prest-O-Lite Battery is due to the unusual character of the plates employed. The specially treated Prest-O-Lite separators gives an advantage in power over all other batteries—an advantage which becomes more marked as the weather becomes colder.

Daughters of Pity—The Daughters of Pity wish to express thanks to all the friends of the society who so kindly helped in every way to make their sale last week such a splendid success.

School Holidays—Christmas holidays in the High Schools and grade schools of British Columbia will commence Monday, December 19. The last day of the present term will be Friday, December 18, according to an announcement made to the School Board last night by Superintendent of Education J. J. Wilson. The schools will be reopened Tuesday, January 3. A delegation from the Victoria West Parent-Teachers' Association urged that an additional term be provided for a class now being accommodated in the assembly room. The municipal inspector will report.

Native Daughters of B.C.—A meeting of the Native Daughters' Post No.

Architects' Meeting—The Victoria Chapter of the Architectural Institute of British Columbia held its annual meeting on Tuesday evening, which was well attended. The following members were elected as officers for the ensuing year: J. C. M. Keith, chairman; S. MacLure, vice-chairman; Hubert Savage, secretary-treasurer; P. Leonard James and H. Whittaker.

Divorce Petition Heard—The undenied divorce suit of Renfrew, Renfrew, the husband being the plaintiff, came on for hearing before Mr. Justice Morrison in the Supreme Court yesterday. A decree nisi was granted, with leave for further application by the petitioner. Mr. H. C. Keefe appeared for the petitioner.

Tribute to the Fallen—The troops at Work Point Barracks will observe Armistice Day on Friday, 11th inst. The time gun will be fired at 11 a.m. on that day instead of the usual time, 12 noon. All troops will be paraded and following the firing of the time gun, will stand at attention in silence for a period of two minutes as a tribute to the fallen heroes of the great war.

Amusement Centre—An amusement centre plan will be discussed in detail, as well as municipal problems, tonight at 8 o'clock by the Chamber of Commerce, forum in the Arcade Building. Mr. C. T. Cross, chairman of a special committee of the Chamber which has been collecting data on the amusement centre question, will have a report ready to present to the meeting, and it will form the basis for discussion.

A. and N. Veterans—The monthly meeting of the Army and Navy Veterans' Association will be held this evening at 8 o'clock in the Hamley Building. The question of granting the franchise to the veterans and the delegates of Dominion Convention will be given by Comrade D. Deward Twiss. All members are invited to attend tomorrow evening, at 8 o'clock, to commemorate Armistice Day. An excellent programme has been arranged.

Decorate for "Poppy Day"—A number of the city's stores have suitably decorated their windows for "Poppy Day," which will be held tomorrow. Among those who have given a special display are "Forrester's Paint Store, Douglas Street, Brown Bros., Fort Street, and the Veterans' Electric, Government Street. The G. W. V. expresses their thanks for the assistance that the merchants are giving in raising a fund for the relief of the unemployed.

Optimism Den Case Remanded—Yee and Sam, two Chinamen taken by Detectives Phipps and Siciliano last Tuesday night in a room at 17 Thistle Alley, alleged by the police to be an illegal opium resort, were yesterday charged before Magistrate Jay in the city police court. Yee and Sam, with being unlawfully there, were charged with being unlawfully there. The accused were remanded until next Friday, Yee in bail bonds of \$50 and Sam in the amount of \$50. Mr. R. C. Lowe appeared for the defence.

City and District in Brief

Meeting Postponed—On account of Friday being Armistice Day the monthly meeting of the Equine and Friendly Help Society will be held next week at the usual time, 2:30 p.m., on Friday, the 18th inst., at the Sailors' Club.

British Campaigners' Association—All members of the British Campaigners' Association are urgently invited to attend the special meeting of the society to be held at 201 Union Bank Building this evening at 8 o'clock, when the president, Mr. W. C. Warren, will give a full report of the progress of the Amalgamation Committee.

Architects' Meeting—The Victoria Chapter of the Architectural Institute of British Columbia held its annual meeting on Tuesday evening, which was well attended. The following members were elected as officers for the ensuing year: J. C. M. Keith, chairman; S. MacLure, vice-chairman; Hubert Savage, secretary-treasurer; P. Leonard James and H. Whittaker.

Lowe appeared for the defence.

Victoria Review W.B.A.—The first regular meeting of Victoria Review No. 1, W.B.A., was held Tuesday evening in the K. of C. Hall. Mrs. Coleman, the lieutenant-commander, presiding. Applications for membership were received and dealt with. A very pleasing report was read with reference to the dance held during October. The commander, Mrs. Leeman, read the report of the banquet that was held recently. The review will hold a benefit dance in the K. of C. Hall on December 27.

St. Andrew's Bazaar—A well-attended meeting of the Ladies' Aid Society of St. Andrew's Presbyterian Church was held at the home of Mrs. T. Dunn, Fernwood Road, on Tuesday afternoon. Final arrangements were made for the forthcoming bazaar and Christmas sale and supper at 6:15 o'clock, after which a musical programme of the church on Friday, December 2. The bazaar will be one of the most attractive events of the Christmas season, and the public is invited to keep the date in mind.

Masquerade Dance—Preparations are now being made for a masquerade dance which is to be held in the Agricultural Hall, Saanichton, by the Friendship Club of this city on Wednesday next. Prizes will be given for the best dressed lady and best dressed gentleman, best represented character lady and gentleman, and best comic lady and gentleman. The arrangements are in the hands of a capable committee, and a good time is assured all who attend. The music will be in the hands of Perry's orchestra. Arrangements have been made for train service leaving Saanichton at 11 a.m.

Army Club to Meet—The regular weekly meeting of the Army Club will be held tonight in the Y.M.C.A. The gathering will commence with supper at 6:15 o'clock, after which a sing-song will be enjoyed. "The first sitting of a 'Mock Parliament'" will be held, with Mr. Harold B. McDonald as Speaker, Mr. Oswin Boulton as Premier, and Mr. William H. Whiteley as leader of the Opposition. The purpose of holding two consecutive parliamentary sessions is to educate the club members as to how the Government of the country is conducted. All members are urged to be on hand tonight.

School Holidays—Christmas holidays in the High Schools and grade schools of British Columbia will commence Monday, December 19. The last day of the present term will be Friday, December 18, according to an announcement made to the School Board last night by Superintendent of Education J. J. Wilson. The schools will be reopened Tuesday, January 3. A delegation from the Victoria West Parent-Teachers' Association urged that an additional term be provided for a class now being accommodated in the assembly room. The municipal inspector will report.

Native Daughters of B.C.—A meeting of the Native Daughters' Post No.

Motor Collision Action—Judgment was reserved by the Honourable Judge Lamont in the County Court yesterday in the action of Alexander I. Angus against James Paine, for damages in the sum of \$587, arising out of a collision between plaintiff's motor car and the Tyneside bus driven by the defendant, at the intersection of Lindsay and Wilkinson Roads, on August 14 last. Plaintiff testified that his mother, who was in

Catarrh Of the Stomach Is Dangerous
"Thousands Have It and Don't Know It," Says Physician.
Frequently mistaken for indigestion—How to Recognize and Treat.

"Thousands of people suffer more or less constantly from burning, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in the stomach, bitter eructations, gas, wind and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the mucous membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the food and digest them. This condition breeds deadly diseases in the fermenting, unassimilated food. The blood is polluted and carries the infection throughout the body. Gastric ulcers are apt to form, and eventually an ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure Bismarck Magnesia in half a glass of hot water as hot as you can comfortably drink it. The hot water washes the mucus from the stomach walls and the Bismarck Magnesia is an excellent solvent for mucus and indigestion. The purity of the hot water treatment. Moreover the Bismarck Magnesia will absorb a powerful hot steamy atmosphere which will neutralize any excess hydrochloric acid that may be in the stomach and soothe its food elements. Easy, natural digestion without distress of any kind should now follow. Bismarck Magnesia is not a laxative, is harmless, pleasant and easy to take and can be obtained from any local drugist. Don't confuse Bismarck Magnesia with other forms of magnesia, milk, citrate, etc., but get it in the pure Bismarck form (powder or tablets), especially prepared for this purpose.

of B. C. was in session last night at the Victoria Club, with the Chief Factor, Mrs. W. W. Brentzen, presiding. An invitation from the Lady Douglas Chapter, I.O.D.E., to attend the Chapter's annual reception on the occasion of the birthday of the Legislature of B. C. November 19, was received. A sale of home cooking will be held through the kindness of David Spencers, Limited, on the second Saturday in December, in Spencer's basement, and members are asked to collect articles for the sale, the proceeds of which will be devoted to the Ladies' Charity Fund.

Mock Parliament Meets—Over one hundred members of the Young People's Department of the West Presbyterian Church attended the third sitting of the "Mock Parliament," which was held last night in the church schoolroom. Mr. M. Kerr read an instructive paper on "Christianity's Programme of Education." The debate was adjourned by Mr. Boulton to the next sitting of the House, which will be held on Wednesday, November 18. The young people decided to entertain the inmates of the Old People's Home on Tuesday next at 8 o'clock, when a fine programme of vocal and instrumental music, humorous recitations and a sketch will be presented.

Labour Campaign Meeting—The Federated Labor party will open its campaign in the Federal field at Trades Hall this evening, when Mr. Tom Richardson will speak on conditions confronting the labor element in Canada. Mr. Richardson is the Federated Labor Party's candidate contesting Vancouver South in the present Federal campaign. He is a fluent speaker and a man of wide experience as a member of the British Labor Party. Mr. Pearce, the local nominee of the Federated Labor Party, will also be present. Invitations have been sent to the Labor members of the Provincial Legislature and Major R. J. Burde, M.C., to attend tonight's meeting.

Saanichton Police Court—For discharging a shotgun on Ash Road, J. D. Saul was fined in the sum of \$10 by Magistrate Jay in the Saanichton Police Court yesterday. He was fined in the same amount for carrying a similar weapon in a motor car. William Burnham, V. Simon, H. William, W. Ball and J. B. Bouchard were charged with damaging the flagpole and gate of Strawberry Vale School, the charge arising out of mischievous frolics by the accused, undisciplined by the school authorities. The defendants were ordered to pay damages in the amount of \$25, and \$5 costs; and were reprimanded by the court. R. L. Tait appeared for the municipality.

Charge Dismissed—The much-remanded case of Walter Adie, charged more than two months ago with misappropriating certain moneys collected for Dr. Forrester Leeder, came to an abrupt end in the City Police Court yesterday, when City Prosecutor Harrison moved that the charge be dismissed. Mr. Harrison said that the charge had been remanded from week to week, while accountants were at work on the books of the defendant, and that the time had elapsed that had been informed that the final accounting would show no deficit. The complainant had taken no steps to press the prosecution, and Mr. Harrison thought it should not be proceeded with. Magistrate Jay ordered that the charge should be dismissed, and the defendant discharged.

W. A. to G. W. V. A.—The monthly meeting of the Women's Auxiliary to the Great War Veterans' Association was held last night, with Mrs. Rickards, the president, in the chair. There was a large attendance of members. Mesdames Wilkinson and Bryson reported that they had visited the sick soldiers in the hospitals during October, and had taken fruit and cigarettes to them. Mrs. Forrester was chosen acting-treasurer during the absence of Mrs. Kerr, the incumbent of that office. Mrs. Woodrow, a member of the W. A. to the G. W. V. A., of Moose Jaw, was a visitor at the meeting. The president asked all who had lost dear ones overseas during the war to be present at tomorrow's Armistice ceremony at Parliament Square.

Motor Collision Action—Judgment was reserved by the Honourable Judge Lamont in the County Court yesterday in the action of Alexander I. Angus against James Paine, for damages in the sum of \$587, arising out of a collision between plaintiff's motor car and the Tyneside bus driven by the defendant, at the intersection of Lindsay and Wilkinson Roads, on August 14 last. the car at the time of the collision, was seriously injured, and that the accident was caused by the negligence of the defendant. The defendant denied negligence, and said that the fault was with the plaintiff, Mr. F. G. Fowkes appeared for the plaintiff and Mr. R. C. Lowe for the defendant.

Oak Bay Police Court—Geo. Berg, arrested last Tuesday in Oak Bay for begging from house to house, yesterday pleaded guilty before Magistrate Jay to the charge of vagrancy preferred by Chief Syme, of the Oak Bay police. The defendant said that he was out of work and sick, and took a chance on getting help. Chief Syme said that the accused was exhibiting a begging letter and represented himself as under the care of two local doctors, who had disclaimed all knowledge of him. Finger prints taken by the city detective department revealed the fact that the accused had a police record in San Francisco, where he was convicted of burglary in 1919, under the name of Hehnberg, and was sentenced to two years' imprisonment. The court remanded the accused for judgment until today.

THE WEATHER
Metereological Office, Victoria, B.C., at 5 p.m., November 9, 1921.
The barometer is falling on the North coast, and the weather may spread southward. Mild weather is becoming general on the coast.

ASKS INVESTIGATION OF FLOOD DISASTER

South Vancouver's Member Urges Upon Legislature the Need of Full Inquiry into Britannia Beach Tragedy

The recent disaster at Britannia Beach was the subject of a demand made in the Legislature yesterday afternoon by Mr. George R. Hanes, member for North Vancouver, for the appointment of a competent engineer to visit the scene of the recent fatal flood and to report on whether construction of a railway embankment was a criminal offence, and to determine the person or persons responsible for same.

In speaking to his motion, one of a question of privilege, Mr. Hanes stated that he had visited the scene of the disaster "on Saturday, and, from a private investigation made, and from conversations he had had with employees and officials of the mining company, he had come to the conclusion that the flood was not an act of God.

The disaster was caused as the result of the railway embankment being constructed across the creek, where little or no culvert space had been allowed for such an emergency. Mr. Hanes said. The rains had been very heavy, water had gathered behind the embankment which was not constructed as a dam, and it finally gave way, sweeping through the village at the rate of forty to sixty miles per hour. This flood only lasted but a few moments. He thought it was up to the Legislature to investigate, both the coroner's jury, and members of the House having a duty to perform.

Asks Investigation. Speaking to the motion, Premier Oliver stated he was impressed immediately after the tragedy, and was still impressed with the fact that the coroner's jury should make a thorough investigation, and he would not hesitate to press it further. There were two items in the motion, however, which he thought might well be eliminated. It was scarcely the duty of an engineer to ascertain whether the obstruction of the creek was a criminal offence, both against Provincial and Dominion statutes. Neither was it his duty to fasten the responsibility on an official or officials. That matter was one for a court of justice to decide.

In reply Mr. Hanes stated that he understood it was a criminal offence for any person to block a watercourse and thereby constitute a danger to both life and property. In this case, if the investigation was done into most thoroughly, it would be shown that for weeks the people at Britannia Beach were afraid of their lives from the embankment.

Hon. Mr. Farris followed the same line as the Premier. The proper procedure was to adopt the machinery which is available, he held. The coroner's jury was the first set of machinery, and civil courts. If the jury or the department placed any blame, a prosecution would follow.

Mr. Hanes adjourned the debate, stating at the time that there might be a chance of a compromise by the

North Vancouver member and the Government benches.

Mr. Hanes' Questions

Mr. Hanes' questions, as presented to the House, were as follows: Did the loss of life and injury to persons occur as a result of the enormous quantity of water let loose by the breaking of the railway embankment, some thirty-five to forty-five feet high, constructed by the Britannia Mining & Smelting Company, across the Britannia Creek, at the Tunnel Camp, opposite mine tunnel entrance?

"Did the Britannia Mining Company's officials construct a railway fill, or embankment, some thirty-five to forty-five feet in height, across Britannia Creek at the Tunnel Camp, without providing a culvert or free access for flow of Britannia Creek waters, whether flooded or otherwise, except the culvert constructed last winter, some eight by eight inches, near the middle or top of said fill?"

"What officials of said company are responsible for the construction or maintenance of this obstruction to the Britannia Creek water course?"

"What company officials were aware during the afternoon and evening of the disaster that the railway embankment was becoming dangerous on account of the rising water on the upper side of said embankment?"

"What officials were responsible for notifying the inhabitants of the town at the Beach of the impending disaster?"

"Was this obstructing of the Britannia water course a criminal offence under any Provincial or Dominion statute?"

"If so, what official or officials are guilty of violating same?"

ARMISTICE BALL TOMORROW NIGHT

Fund to Aid Unemployed Ex-Servicemen in City Will Be Raised at Carnival in Old Drill Hall

The Armistice Carnival, which will be held tomorrow night in the old Drill Hall, Mendies Street, is receiving the support of the public bodies of the city, and indications point to a successful culmination of the day's celebrations. Premier Oliver and Mrs. Oliver, Mayor Porter and Mrs. Porter, Brig-General Hoas, C.M.G., D.S.O., Mr. and Mrs. Commander Clarke, J.N., and Mrs. Clarke have extended their patronage to the function.

Madame Bernson, the Poppy Lady from France, who is now visiting in Victoria, will represent the great nation which was "bled white" in its fight to overcome the Prussian menace. Tomorrow, November 11, will be ex-servicemen's day and it is confidently expected that the citizens will identify themselves with the returned men on the anniversary of the cessation of the great struggle. The Grand March will open the function at 8:45 o'clock. Massed bands under Bandmaster Miller will provide the music, and dancing will continue until the early hours of the morning. Many noted artists will contribute to the programme during the evening. Fun, frolic and frivolity will mark the carnival, the gaiety of which will be enhanced by serpentine, confetti and trumpets.

The proceeds of the affair will be used in raising a fund for the relief of all the unemployed and distressed returned men and their dependents in the city. In view of the widespread suffering in Victoria at the present time, it is hoped that the function tomorrow night will be liberally patronised. Persons will be admitted to the ballroom to witness the carnival, a small admission fee being charged.

Tickets for the carnival may be obtained from Mr. H. P. Thorpe, secretary of the C.W.A., Law Chambers, Bastion Street, where table reservations may also be made. There has already been a brisk demand for tickets and purchasers are advised to secure reservations at once in order to avoid disappointment.

CHEMISTERS

Miss Tranfield spent Thanksgiving at her home in Ladysmith.

Mr. Thomas White spent a few days in Victoria last week.

Miss Inchea spent Thanksgiving with relatives in Victoria.

Mr. and Mrs. Alex Danne spent the week-end in Ladysmith.

Mrs. Griesbach and Mrs. W. J. Watson spent a few days in Victoria last week.

Mrs. Dockrill and the Misses Dockrill, of Vancouver, have been the guests of Mr. and Mrs. E. J. Palmer.

Mr. and Mrs. Cathcart and son, and Mr. Jack Cathcart, all of Victoria, spent the week-end and Thanksgiving with Mr. and Mrs. James Cathcart.

Mr. and Mrs. H. Jarrell have had as their guests, for the week-end and Thanksgiving, Mr. and Mrs. Jones, Miss Mary Hannan, Miss Bessie Forbes, Mr. W. Pauline and Mr. Cobley, all of Victoria.

Mrs. E. J. Palmer gave a delightful social dance on Friday last for Lieutenant Colin Donald, of H.M.C. Submarine C.H. 14, whose home leave has been cut short. He left this week to rejoin his boat at Montreal. About thirty guests were present. Mrs. Palmer's orchestra played most excellent dance music. Dainty refreshments were served during the evening. The dance ended about 12:30 a.m. Out of town guests who were present were Mrs. Walter H. Dockrill and the Misses Caroline and Frances Dockrill, of Vancouver, and Miss Kathleen Whitmore, of Duncan.

Putting on Weight. According to Dr. Gilligan, the earth is increasing in weight by 100 tons a day owing to the falling of meteorites, but as it weighs between 5,000,000,000,000,000,000 and 6 (same number of noughts) tons, it will take 400 million years to increase the diameter of our planet by a couple of inches. This lessens the interest in the matter for you and me, unless, of course, we happen to be interested in the 100 tons descending in one lump. Even in that case we should not worry much about it.—London Daily News

LEGISLATURE GETS AHEAD WITH MEASURES

Change in Rule of Road on Morning of January 1—Mr. Bowser Sees Changes Are Necessary.

Good progress was made by the Legislature yesterday afternoon, with legislation on the order paper, and a number of bills were advanced a stage.

The bill to amend the Highway Act, Hon. J. H. King, Minister of Public Works, explained when the bill was up for its second reading, provided for the change in the rule of the road to become effective at 6 o'clock on the morning of January 1 next. The previous day will be a Sunday, and with the holiday following traffic would be at a minimum, and the change would thereby best be made then, the Minister explained.

Mr. W. J. Bowser, opposition leader, took exception to the provision whereby power is granted to the Minister to depute his present authority to control the regulations to district engineers or road superintendents. In case of failure of the latter to enforce the law, Mr. Bowser claimed, the Legislature would not have the same opportunity to criticize.

Also, Mr. Bowser claimed, the provision whereby such officials could enter into an agreement with a violator of the regulations, as to compensation to be paid for damage done to roadways, was capable of serious abuse. The bill was given its second reading.

In moving the second reading of the bill to provide for the licensing of insurance agents and insurance adjusters, Attorney-General Farris stated it applied to fire and life insurance and fire insurance adjusters. It went somewhat further than the act passed last year to license real estate agents in that it called for greater particulars of the residence, etc., of the applicant for a license. No person shall act or offer to act as an insurance agent in the Province without first being licensed.

Licence fees payable are \$15 in cities of a population of over 25,000, and \$7.50 in centres of less than 25,000 and over 5,000; \$5 for an insurance agent fee, whereas the licensee represents an insurance company or is an insurance broker where the licensee is a partnership or corporation and the licensee is to extend to more than one member of the partnership, an additional fee in respect of each member or officer, over the

number of those to whom the licence is to extend, \$3; for an insurance adjuster's licence, \$15; for amendment or reinstatement of any licence, \$1. The above fees are annual fees, and when application is made on or after July, one-half thereof will be charged. Provision is made for cancellation of licences and penalties prescribed for violations of the bill.

Nothing for Municipalities. To a question by Mr. W. A. McKenzie, Similkameen, as to whether the fees derived under the act will go to municipalities, the Attorney-General stated that same would go into the Provincial treasury.

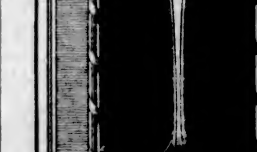

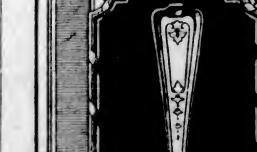

Other bills dealt with were the following: Third readings for the bill to amend the Real Estate Agents' Licensing Act; to amend the Court of Appeal Act; to lease lands to the Municipality of Burnaby for park purposes. The following bills were considered in committee stage: The act respecting lands in the South Okanagan Irrigation Project; the act to amend the Insurance Act; the act to amend the Pincer Mining Act and the Mineral Act; the act to amend the Land Settlement Act; the act to amend the Co-operative Associations Act.

Fine for Neuralgia
Musterole insures quick relief from neuralgia. When those sharp pains go shooting through your head, just rub a little of Musterole, while content on your temples and neck.

Musterole is made with oil of mustard, but will not burn and blister like the old-fashioned mustard plaster.

Get Musterole at your drug store. BETTER THAN A MUSTARD PLASTER.

A New Lot of Suits At Mallek's

YESTERDAY we received a large consignment of High-Grade Suits which it has been decided to offer at very special low prices.

They are made from the finest materials, and many are beautifully trimmed with fur.

Others are plain tailored—in flare and box coat style. A nice selection of shades to choose from.

These Suits will be on display in our showrooms today. Come in and see them; the values will be found to be exceptional. Prices are

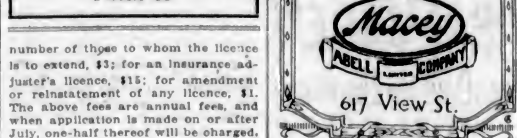

\$39.75 and \$45

SEES DOMINATION OF JAPANESE ON ISLAND

Major Burde, Fresh From West Coast, Leads of Unknown Force at Work in Interests of Orientals

Asserting that there has arisen on the West coast of Vancouver Island "an alarming state of affairs" which residents there are fearful will lead to trouble between the whites and Indians, on the one hand, and the ever increasing influx of Japanese fishermen and cannery workers on the other, and stating that that situation should be called to the attention of the authorities at Ottawa, Major R. J. Burde, M.C., independent soldier member for Alberta, started members of the Legislature yesterday afternoon.

At the very opening of the House the Major moved the adjournment of the House, a procedure which permits a member to bring before the House matters of urgency.

"In moving the adjournment of the House, Mr. Speaker, to permit of discussion of an alarming state of affairs on the West coast of this island from which I have just returned," said Major Burde, who went on to say that the Indian workers in the canneries fear they will be ousted from their employment at the canneries, and he instanced the case of the Wallace cannery at Kildonan, where Japanese workmen came around and demanded that all Indians employed there should be dismissed.

"Some force behind that demand induced the cannery company to dismiss its Indian workers and the whites foreman, in Alberta, where the Watson Bros. have a plant and where a number of Scotch girls were brought out to carry on curing operations, the whites have been dismissed and the girls must work among a horde of Japanese workers. The Japanese are openly asserting that they are entitled to vote and that they will assert that right. There is great alarm among the whites and Indians, and the Indian missionary recently came to Alberta and declared that unless Ottawa takes immediate action there is every possibility that there will be an outbreak between the Japanese and Indians."

Major Burde stated that the Japanese were holding that, having been discharged from the Overseas force, they are entitled to vote after taking out their naturalization papers.

SPECIAL NEWS

MAKES CHRISTMAS PUDDINGS
NOW—Best English white pudding, bowls, all sizes, 20c to 75c. R. A. Brown & Co. corner Douglas and Johnson.

Whatever force is behind these demands by the Japanese he did not know, but he considered that the situation demanded instant investigation by Ottawa. He referred to the fact that Japanese fishermen in ever increasing numbers have, in years past, been juggling their fishing licences among themselves contrary to the regulations, and it is feared by the white voters in that section that if such juggling can be carried on in the matter of licences similar methods will be employed with naturalization papers and they will become in control of the whole section there.

"Having moved the adjournment of the House, I now beg to withdraw it," said Major Burde, who said his object had been attained in bringing the matter before the attention of the House.

CONCERT AT KNOX CHURCH TONIGHT

Fine Programme Will Be Given at Entertainment to Aid Knox Church Funds

A splendid programme will be presented tonight at the entertainment which will be given in the Knox Presbyterian Church, Stanley Avenue, under the auspices of the Young People's Society of the church. The affair will commence at 8 o'clock sharp. Mr. Aubrey Hoyle, director of religious education at First Presbyterian Church, will act as chairman, and will give a short talk on "Athletics as Part of the Church Programme."

The proceeds of the concert will be devoted to the Knox church funds. Everyone is invited to patronize the entertainment. The full programme is as follows:

Vocal Solo..... Rev. T. S. Baynes
Pianoforte..... Miss Alma Matthews
Duet.....
Mrs. Jameson and Mr. McCoy
Recitation..... Miss Mary McFadden
Choir..... Knox Tillotson
Chairman's Remarks
Vocal Solo..... Mrs. Jameson
Violin Solo..... Seymour Howard

LABOR MEMBERS WANT ACTION FOR UNEMPLOYED

Demand Instant Attention of Government to Existing Conditions in Province—Mr. Neelands Starts Ball Rolling

The problem of unemployment was interjected into the legislative debates yesterday afternoon, after the House reassembled following the recess over the holiday, when a resolution presented by Mr. R. H. Neelands, Labor member for South Vancouver, asking that the House go into committee of the whole "to consider the question of unemployment in British Columbia" came up for consideration.

Mr. Neelands, Mr. Sam Guthrie, Nanaimo, and Mr. Thomas Uphill, Fernie, stuck to the motion, demanding that the situation is such as to demand Government attention and assistance.

The debate was adjourned by Premier Oliver, who will continue it today.

Mr. Neelands claimed that the fact that there was such unemployment at the present time was not due to any fault of the Government, but to conditions brought about by the Great War. Therefore, he said, he brought forward his resolution with some feeling of indignation in the hope that it would prevail.

Wants Action
Mr. S. Guthrie (Newcastle) contended it was not enough to submit the subject to the House and then allow it to drop. What was wanted was that something should be done for those who were suffering. If conditions were the same as during the war there would be some excuse, but this, he held, was not the case.

People were not idle, he said, because there was not enough machinery to employ them, nor because they wanted to be idle. It had been said that the workers were inclined to "take it easy," and he knew from his own experience at a coal mine that there was no necessity to work hard. Therefore, none could wonder if the workers "can't" and struck. It was because the question of distribution was not solved, and until this was done he was satisfied they would have periods of unemployment, as was the case today. He hoped the House would see that something was done for the unemployed people.

The Premier, he said, had admitted unemployment existed but had said that the people were more or less to blame for this. He could not understand such a statement and he asked the members of the Legislature should forget their political friends, not wait until an election came along, but "do it now."

Unless they could show the people where they could go to obtain employment, said Mr. T. Uphill (Fernie), it was immaterial where they went and anything done would only be of a temporary nature. In Great Britain, he said, they had a large duty to the unemployed, and he believed that the state there was looking after the unemployed better than was being done in Canada, while Canada was in a better condition to do this than was the Old Country.

Unemployment, Mr. Uphill believed, was not as bad here as it was south of the line. Money was being found for the P.G.E. and other projects, and he contended that the Government could find money whereby the unemployed could be taken care of. It was no good waiting till the people got desperate and they should do something to prepare for the matter before the position became worse.

MANY VETERANS JOIN NEW ORGANIZATION

One Hundred and Fifty Ex-Service Men Have Enrolled in Amalgamated Association Since Friday Last

One hundred and fifty application forms for membership in the newly organized Amalgamated Veterans' Association have been signed since the mass meeting of veterans which was held on Friday night, when the new returned men's body was officially launched. Mr. Robert Macdonald, president of the Provincial Ex-Service Amalgamation Committee, told The Colonist yesterday.

The new organization has taken office at the corner of Broad and View Streets, which have been kindly lent by Mr. Arthur Coles, and will continue to enrol members there for the balance of this week. Several members of the committee are on duty at the office, and the large number of unorganized men who are joining, in addition to members of the existing ex-service organizations, assures the committee that it recommends the correct procedure at last Friday's meeting.

The sum of \$1 as enrollment fee must accompany every application form signed. The dues of the association are \$1 per year, payable yearly, half-yearly or quarterly. Information as to the battalion, date of discharge, occupation, married or single, and any disability, is asked on the application form.

Open From 10 A.M. to 6 P.M.

The office is open from 10 a.m. to 6 p.m. every day, and persons who enrol before Thursday, November 17, will be able to take part in the nomination meeting, at which ten members of the organization will be appointed to the executive board.

Mr. Macdonald pointed out yesterday that the purpose of the association was to organize all ex-service men on Vancouver Island who support amalgamation to co-operate with the associations on the Mainland with a view to Provincial amalgamation, and to be in a position to link up with any recognized body of ex-service men in Canada.

HOTEL MAN SENTENCED

Emil Reid, of Half Way House, Convicted of Having Liquor for Sale—Six Months' Prison Term

Emil Reid, proprietor of the Half Way House, Esquimalt, was sentenced to a term of six months' imprisonment by Magistrate Jay in the Esquimalt police court yesterday, on a conviction of having liquor for sale at that place. On a further charge of aiding while they were breaking their way in. The cash register was found open, and money in bills and silver in its compartments.

A general complaint of unlawful sale was entered by the defence. Mr. Aikman argued that the prima facie presumption of guilt as argued by the prosecution, and provided by the Government Liquor Act, could not apply where the defendant offered no positive evidence in denial of the charges.

In convicting and sentencing the defendant as stated, Magistrate Jay commented upon the amount of liquor purchased every month by the defendant, as admitted in evidence, and said that he should draw his own inferences from those facts. The figures showed, said the court, that the defendant must have been consuming it steadily, simply of one case of whisky a month, if he was personally using it all he had purchased. Mr. R. Sinclair appeared for the prosecution.

USE UNDERWORLD

TALK AS SCREEN

People Have Wrong Impression Opposition to Dr. Hall Must Be Tainted, Mr. Kingham Tells Businessmen

"It has got about that anyone who enters this Police Commission election against Mr. Ernest Hall is acting in the interests of the underworld," declared Mr. Joshua Kingham, speaking before directors of the Chamber of Commerce at their luncheon in Spencer's yesterday.

"I don't know whether there is an underworld in Victoria," he continued, "but I will say this: That it would be unfortunate if such an impression were to act as a deterrent to candidates. I think the best interests of the community would be served if there were several candidates for office, so that the citizens would have a proper choice."

The Chamber of Commerce will take no official action with a view to putting a municipal slate in the field, although the organization, acting through its forum, will afford every opportunity for the ventilation of civic problems. Candidates for office will be asked to address the forum, and tonight's meeting will be largely devoted to a consideration of municipal affairs.

Dr. R. L. Miller, one of the team workers who has been taking a leading part in the membership campaign, said the Chamber had been criticized by some people for its failure to take definite action respecting municipal government here. He stated that many prominent citizens who would make able candidates destined to offer themselves to service because of the seemingly ineffectual misalliance directed towards all men in public office.

"Something should certainly be done to prevent the return of the present police commissioners," said Dr. Miller. "We don't want our city to continue as a laughing stock."

Merely Educate Public
President James H. Hearty, with members of the forum started at a previous meeting, when the city manager plan was advocated, still fresh, stated that the Chamber of Commerce should not become active in municipal politics other than to educate the public as to the available alternatives in forms of government. "It is a dangerous policy to get behind candidates," he said. "It is all right for us to take an active, direct interest as individuals, but when we pledge an organization of this kind to a certain slate or even to a certain line of civic policy, it is a different matter. I doubt whether we could get our membership solidly behind any group of candidates that might be submitted, and unless we could be unanimous it would be futile to attempt anything of the sort."

Dr. John L. Beckwith also counselled against the introduction of municipal or any other kind of politics in the Chamber of Commerce. He thought it was quite proper that general civic affairs should be discussed, but he felt that the Chamber should hold itself aloof from election matters.

A Battery for Business Men

SEVERAL different sizes and shapes of Waterman's Ideal Fountain Pen will give you more efficient service and greater writing ease than is possible to obtain in any single style of this business man's pen.

For routine office work, you naturally choose a Waterman's Ideal that instantly fits your writing position and one, probably, with a medium fine point.

For signing cheques, letters and other records, you will find that another style altogether, with a broader point, will give you a freer sweep of motion and make easier this part of your work.

An entirely different

**Waterman's
Ideal
Fountain Pen**

will be preferred for your pocket—for personal use at home.

Then—if business demands it, have two or three Waterman's Ideal filled with colored inks—red, green, violet—for checking and notations.

This is the convenience and time-economy which the Waterman's Ideal Fountain Pens offer. Install the battery for business men.

We suggest the \$5.00, \$6.00, \$7.00 and \$8.00 styles. There are others up to \$15.00 and down to \$2.50.

Selection and service at best stores everywhere.

Waterman Company, Limited.

179 St. James Street, Montreal.

NEW YORK BOSTON CHICAGO SAN FRANCISCO LONDON PARIS

WESTERN HOCKEY

EDMONTON, Nov. 9.—The Western Hockey Association will open its schedule December 12 and close March 3, with the final game of the play-off between the two leading

teams, according to the schedule prepared at today's meeting here. Each team will have 12 home games, including at least one holiday game. Owing to there being two teams in Edmonton, 24 games will be played in this city, and the holiday games will be Christmas and New Year's.

Portland Horse Show
PORTLAND, Nov. 9.—Winners at Portland's annual horse show last night included entries from across the Pacific Coast cities. The middle-weight hunters' blue ribbon went to George E. Herrmann, of North Vancouver, B.C.

Man-sized Apples

—the kind that goes with mature judgment—fruit that adds brain and brawn to the brainy and brawny—

B. C. APPLES

Luscious to the very core—just right after a smoke—or in place of a smoke—early in the morning—late at night—any time.

WAGENER

is the most delicious November and December apple you could eat. If you don't know it, make the "WAGENER'S" acquaintance at once. In the stores now at a moderate price.

Your wife will be glad you like them—and you'll get the benefit in those deep apple pies and things!

CALLING CHECK ON HOCKEY TOURISTS

C. A. H. A. Will Probably Refuse Amateur Cards to Those Players Making the Jump for Boston

MONTREAL, Nov. 9.—The Canadian Amateur Hockey Association has made its first pronouncement of the season against tourist hockey players. It entails possibility of hockey complications and arrival of last year's famous George Drouin case on a wholesale scale. Information that half a dozen Canadian amateur hockey stars, ranging from Ontario to New Brunswick, had quickly travelled to Boston to join a new team called the Westminsters, brought the announcement from President W. E. Granger, of the Canadian Amateur Hockey Association, that the amateur cards would in all probability be refused to the tourists, with the result that they will be unable to get cards from the United States Association, which is in affiliation with the Canadian organization.

SIXTEEN FIRMS GIVEN WAREHOUSE LICENCES

Information to Members on Operations Under Liquor Act—Agricultural Officials Are Needed, Says Minister

The sum of \$48,900 was collected by the Province under the heading of "warehouse licences" under the B. C. Liquor Act which came into effect on June 15 last, according to answers made by Attorney-General Parrie to questions put by Mr. R. H. Pooley, Conservative member for Esquimalt, 27, 1921. J. G. Brooks Co., Vancouver, June 28, 1921; H. V. Pratt Co., Vancouver, June 29, 1921; Davis Liquor Co., Vancouver, June 29, 1921; Lord & Son, Ltd., Vancouver, July 7, 1921; Calgary Export Co., Ltd., Vancouver, July 30, 1921; Globe Liquor Export Co., Grand Forks, August 10, 1921.

Point Grey Lot Sale
Hon. Dr. MacLean, in declaring his belief that the services of the directors and various district supervisors cannot be dispensed with, says: "Emphatically no. Agricultural interests in British Columbia have already suffered, and must continue to suffer, from a scarcity of farmers who understand the fundamentals of agricultural science and their application to modern farm practice until the sons and daughters of our Province have, through the work of skilled instructors in agriculture, become alive to the tremendous importance of the young people, such as athletic associations and community organizations."

Agriculture has suffered
Hon. Dr. MacLean, in declaring his belief that the services of the directors and various district supervisors cannot be dispensed with, says: "Emphatically no. Agricultural interests in British Columbia have already suffered, and must continue to suffer, from a scarcity of farmers who understand the fundamentals of agricultural science and their application to modern farm practice until the sons and daughters of our Province have, through the work of skilled instructors in agriculture, become alive to the tremendous importance of the young people, such as athletic associations and community organizations."

Must Hold Them
"Emphatically no" is the manner in which Hon. J. D. MacLean, Minister of Education, answers the query put by Mr. J. W. Jones as to whether services of various directors and district supervisors of the Educational Department, for whom \$26,780 was voted last session, could not be dispensed with without serious loss to the agricultural interests of the Province.

The Minister stated that these officials are working from early morning till late at night at least six days per week. In answer to the question of who these officials are, where stationed and what salary and travelling expenses they drew during the last fiscal year, Hon. Dr. MacLean replied: J. W. Gibson, Director of Elementary Agricultural Education, Victoria, salary, \$2,450; travelling expenses, 1920-21, \$41.69. The District Supervisors of Agricultural Instruction are as follows: J. C. Readey, Chilliwack District, salary, \$2,320; J. E. Britton, Kelowna District, salary, \$2,320; F. L. Small, Surrey District, salary, \$2,270; R. H. Hopkins, Courtenay District, salary,

AUSTRALIANS RETIRE

LONDON, Nov. 9.—Reuters' correspondent at Durban cables that in the test cricket match there yesterday, near the close of play, the Australians, with a score of 324 runs for seven wickets, declared. McCortney contributed 137 runs to the Australians' score and Ryder, 88. The South Africans made one run for one wicket. Play continues today.

\$2,120. H. E. Hallwright, Victoria District, salary, \$2,120. A. M. McDermott, New Westminster District, salary, \$1,900. J. M. Shales, Langley District, salary, \$2,020. W. M. Fleming, Duncan District, salary, \$1,900. J. H. Munro, Armstrong-Enderby District, salary, \$1,900. V. B. Robinson, Vernon District, salary, \$1,900. T. H. Jones, Penticton-Summerland District, salary, \$1,900. The regular travelling expenses of District Supervisors are met by the School Boards concerned as part of their agreement with the Department. In the case of the District men at Duncan, Courtenay, Vernon and Kelowna, the travelling expenses are met by the School Boards and the Department of Agriculture conjointly in lieu of services rendered by these men to that Department.

Their Duties
Duties of these officials are set forth as follows:

Teaching in their respective high schools a two-year course in agriculture as outlined by the College of Agriculture and the Department of Education as preparatory to matriculation, and, in most cases, a year's course in general science preliminary to more advanced science and agriculture. (2) Supervision of instruction in elementary agriculture in the public schools of their respective districts, including nature-study and elementary science, school-gardening, school-horticulture, home gardening and other agricultural projects, such as potato-growing, corn-growing, seed-growing, chicken raising, and the feeding and management of purebred breeding pigs, market hogs, calves, etc. The District Supervisor visits the schools of his district regularly, assisting the teachers by giving instruction in the classroom and in the garden, and by generally assisting the teachers in carrying out this part of their school work effectively. (3) Special out-of-school instruction for high school students in general farm methods, including farm surveys, dairying, orcharding, stock-raising, drainage, etc. (4) The District Supervisors at Duncan, Courtenay, Vernon and Kelowna, by arrangement with the Department of Agriculture, devote half their time to the local work of that Department, dealing with such problems and undertaking such duties as may be assigned to them. For example, in the Vernon and Kelowna Districts, the District Supervisors, working in conjunction with the Department of Agriculture, have undertaken an exhaustive investigation of what is destined to become the biggest problem of the future to the Okanagan fruit growers, viz., the maintenance of soil fertility in permanent orchards with a view to economic and efficient management. (5) Supplying timely articles on live agricultural topics for the benefit of the public through the local press. (6) Personal advice and assistance to farmers and fruit growers, gardeners, etc., in their respective districts, dealing with many important local problems. (7) Assisting and working in co-operation with farmers' organizations in their respective districts. (8) Assisting the School Boards and the Department in the matter of school grounds improvement. (9) Assisting in and usually leading in all local organizations for the benefit of the young people, such as athletic associations and community organizations.

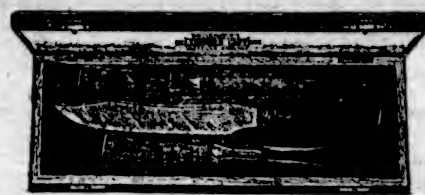

Band Concert at Garden City—The senior Salvation Army band are giving a concert in the Carey Road church tomorrow evening at 8 o'clock.

Men's Moss Meets—A meeting of the men's moss of the First Battalion 16th Canadian Scottish will be held this evening at the Armory. All members are requested to attend.

St. Andrew's and Caledonian Society—The regular monthly meeting of the Ladies' Auxiliary of St. Andrew's and Caledonian Society will be held tonight at 7:30, followed by a military five hundred card party. Members are requested to attend the meeting, as the material is to be given out for the sale of work to be held in the near future.

Conservative Dance—Some popular local vocalists have offered their services for the social activities of the Victoria Conservative Association during the coming season. A social and dance will be the opening event in the popular clubrooms, Campbell Building, tonight, and all Conservatives of the city are extended a hearty invitation to attend.

Meeting Postponed—The Conservative Women's Educational and Social Club will not hold their regular meeting Friday evening on account of it being Armistice Day.

HOMERIC RANKS SIXTH AMONG GIANT VESSELS

Great Liners Now So Common
That Former German Ship
Is Little Known—Excels
Mauretania

Information received by the International Mercantile Marine Company from representatives of the White Star Line who are now in Danzig to arrange for the delivery by German builders of the 25,000 ton liner Homeric, ex-Columbus, is to the effect that the ship is virtually ready to leave the builder's hands, and may be expected to sail for Southampton in a few weeks.

The Germans will deliver the ship completed in accordance with her original plans, as provided in the treaty, but some time will be necessary after her arrival in England to fit her out as a White Star liner. Her first sailing from Southampton will be tentatively set for February 22. Not much information has been made public regarding the ship, which a few years ago would have been counted a colossus. Before the building of the Olympic, the Homeric would have led the world's fleet in tonnage, as she registers 25,000 tons. She is now exceeded in size, however, by only five ships, namely, the Majestic, 26,000 tons; Leviathan, 24,000; Berengaria, 21,000; Olympic, 20,000; and Aquitania, 18,447. The Homeric is approximately 1,000 tons larger than the new French liner Paris, and 2,000 tons larger than the Mauretania, which once held the palm for size among the world's great liners, and still holds the record for speed.

The Homeric is 775 feet long and 83 feet wide. She has twin screws, driven by triple expansion engines of 30,000 horsepower, and is expected to make an average speed of 20 knots. Her passenger capacity is 129 first cabin, 487 second and 1,758 third. Her crew numbers 774. There are 40 large staterooms on the promenade deck, and several suites, including one containing drawing room, breakfast room and two bedrooms, each with bath.

DUTCHMEN WANTED EMPRESS OF ASIA

A striking commentary on Dutch shipping business is contained in the statement by a Rotterdam Journal that owing to the lack of transport facilities, the Netherlands Government contemplated the chartering of foreign-owned ships for the conveyance to the East Indian colonies of high state officials on the expiration of their term of leave, and that one of the big liners running between the Pacific coast of America, such as the Empress of Asia, would be the first vessel to be thus employed. The authorities at The Hague, whose methods are, of course, pretty well known to those of bureaucracy the world over, had no time in contradicting this information. Now, however, another Dutch newspaper says that quite recently the British steamer China arrived at Rotterdam having on board 400 Dutch Indian officials with their families who had come to Europe on leave. It may, therefore, be safely assumed that the statement that the Empress of Asia would be the first vessel to be thus employed, is founded on fact.—Syren and Shipping.

GERMANS EXPERIMENT WITH LOCATING SHIPS

Experiments of an important bearing on the foremost interests of the world of shipping, inasmuch as they concern that dread nightmare of navigation, fog, have just been carried out in Kiel Bay. Tests were made of an acoustic-electrical system for locating the exact whereabouts of a ship, and which enables her to enter a port, and to navigate difficult coast waters in a fog. The system has been developed by a Berlin sailing firm in conjunction with Siemens and Halske. According to this method, the location of a ship in a fog is effected by means of a radio wave. The ship wishing to determine its whereabouts sends ashore a wire-

less message to that effect, and she is then requested to make a signal. This is sent off from the ship, and is taken up by a number of special microphones installed along the coast, these being connected with the oscillographs furnished by Siemens and Halske. On this apparatus a narrow film strip appears, on which are marked the differences in the time occupied by the transmission of the signal from the ship to each of the different microphones. It is from these differences in time, which can be read with the utmost exactness to the hundredth of a second, that the ship's location is determined. This is then at once read off from a chart, upon which the lines of a similar time difference in the sound signal are indicated, and the reading is transmitted to the ship by wireless. The whole procedure occupies about five minutes. The experiments at Kiel were thoroughly successful.—Syren and Shipping.

SILVER STATE WILL ARRIVE LATE TODAY

Admiral Liner Expected to
Dock Before Six o'Clock—
Arabia Maru Will Be De-
layed Overnight

Completing a fast passage from the Orient, the Admiral Line steamship Silver State, Captain E. P. Bartlett, will reach here late this afternoon. A wireless from the vessel yesterday said that she would reach quarantine at 4 o'clock this afternoon, and in that event she will be in plenty of time to pass inspection before sunset, and will pass into the dock an hour or so later. She should be tied up before 6 p.m. at the latest.

The Silver State has a total of 99 first class passengers and 126 Asiatics in her steerage. She is expected to dock at the station at 6 p.m., and the Osaka Shosen Kaisha steamship Arabia Maru, also inbound from the Orient, and due today, will be too late to get through tonight, according to yesterday's reports. The Japanese liner is due at the station at 6 p.m., and as official sunset is at 4:41 p.m., will be required to spend the night at anchor and get pratique in the morning. She should come into the dock before 9 a.m. tomorrow.

EMPRESS TAKING OUT TOURISTS TO ORIENT

Russia Clears Tonight for
Asiatic Ports—Passenger
List Is More Than Eleven
Hundred in All

Big passenger lists in all classes will be taken on sea tonight by the Canadian Pacific liner Empress of Russia, bound for the Orient. The big ship will carry in all 251 first class, 68 second, 92 third, and 725 Asiatic steerage passengers. She is posted to arrive here from Vancouver at 8 p.m., and to get away as soon afterwards as possible for Yokohama. A number of Canadians are going out on the vessel who intend touring the East during the winter. Among them are Miss Dora Bond, Mrs. F. L. C. Bond, Mrs. J. J. Davies, Mrs. Mrs. Harry Hussey, S. Williams and F. W. Berry, all of Montreal.

Among others taking passage by the Russia are Major A. H. Hill, Johnson, deputy commissioner of police at Shanghai, returning to that city; and Mr. J. H. Lofting, of London, England, bound for Shanghai and also, Major Hilton Johnson has been studying the police systems of this continent, while Mr. Lofting is a surveyor, and is going to the Orient in connection with the construction at Shanghai of a new building for the Hongkong and Shanghai Bank.

Later in the afternoon the Canadian Australasian liner Niagara, is to effect that she will clear from here at 11 o'clock Saturday morning.

SHIPPING AGREEMENTS TO BE INVESTIGATED

Pacts Between U.S. Railroads
and Foreign Shipping At-
tacked in American Senate
—Are Claimed Hurtful

WASHINGTON, Nov. 9.—A sweeping investigation by the Senate, alleged relations between foreign shipping lines and U. S. railroad lines, under which foreign shipping is given preference and the United States merchant marine crippled, is in sight. Senator Jones, of Washington, stirred the matter up in the Senate and got a resolution passed calling for production of contracts between U. S. roads and foreign ship lines. He expressed indignation over the situation, as did other senators, and the prospects are there will be a thorough airing of underground causes which are alleged to have been hurting United States shipping.

CASCO AT VANCOUVER ENDING LONG VOYAGE

VANCOUVER, Nov. 9.—The little motorship Casco, Capt. O. Lee, under charter to the Hudson's Bay Company, has returned from an adventurous journey to the North Siberian coast. The Casco left here early in June and visited a number of ports in the Bering Sea and Siberian Seas. At Petropavlovsk, while repairing gas tanks on a launch alongside, two of the Casco's crew were killed in an explosion. They were G. A. Clucas and J. O. Overhill, company engineers. Sidney Eyer, of Vancouver, sustained severe burns when he tried to rescue Clucas at the risk of his own life.

On Oct. 28 the Casco encountered a terrific storm at sea. The motorship carried trading stores and provisions for the Hudson's Bay posts in Siberia.

WANT THIRD STEAMER FOR COASTWISE RUN

Kingsley Navigation Company
Finds Two Ships Unable to
Handle British Columbia-
San Francisco Trade

Offerings of freight in the trade between Victoria and other British Columbia ports and California have shown a big increase during the past few months, with the result that the Kingsley Navigation Company is looking about for a third steamer to place on the route. At the present time this enterprising Canadian coastwise line is maintaining a regular schedule with two vessels, the E. D. Kingsley, which has been running into this port for years, and the Chilkoote, recently chartered from the Union Steamship Company of Vancouver. A third vessel, the steam schooner San Antonio, was acquired from the Pan-American Line of San Francisco for one voyage when cargo shipments were exceptionally heavy, and is now on her return trip south. She is not expected to come north again. The trade is so promising that a third British coastal steamer is being acquired to handle the traffic.

King Brothers, local agents for the Kingsley Navigation Company, report a very satisfactory growth of business to this port. The vessels are now arriving about every eight or ten days, calling first at canneries and salters on the West Coast with shipments of salt, then coming in here to discharge local cargo. The balance of the freight goes to Vancouver, much of it for overland shipment to prairie and Eastern points.

Chilkoote Here Yesterday
The Chilkoote, on her first trip since being chartered, reached here from San Francisco yesterday morning at 7 o'clock. Fifty-five tons were landed here. A call was made at Kildonan, on the West Coast, before coming in here, with salt for the cannery. After discharging local cargo the Chilkoote passed up to Vancouver. Outward she will call at Sidney, loading some lots of lumber and fish and 200 cases of canned clams for San Francisco.

The steamer E. D. Kingsley will be up later in the month from the South. She leaves San Francisco November 15, and should reach here November 20 or so.

SHIPPING NOTES

The C.G.M.M. steamer Canadian Traveler reported Monday from Melbourne, Australia. The Traveler carried lumber from some of the island mills.

The Canadian Transporter, which is completing cargo for her maiden voyage to Australia, is posted to sail from Vancouver today.

The O.R.K. steamship Alabama Maru will pass out to sea late this afternoon. She arrives here from Seattle in the afternoon, sailing for the Orient at 6 p.m.

The Admiral Line steamship Wenatchee reached here on Tuesday from this port. The Wenatchee has been performing in splendid style on this voyage, her second to the Orient.

Tenders have been called by the Hudson's Bay Company for repairs to the auxiliary schooner Lady Kindersley, which returned to Vancouver somewhat damaged by her voyage to Arctic waters. All one side of the ship will have to be renewed. The contract is expected to be let next week.

The C.G.M.M. steamer Canadian Winner, Captain Walter Wingate, reached Yokohama from these waters on Monday.

STEAMER DISABLED
SAN FRANCISCO, Nov. 9.—The steamer Pallas, bound from Buenos Aires to San Francisco, broke her line shaft today six miles north of Anacapa Island, off Ventura County, and the steamer El Dorado, bound from New Orleans to San Francisco, responded to her call for help, the marine department of the Chamber of Commerce reported. It is expected the Pallas will be towed here for repairs.

LIVED YEARS ON BREAD AND MILK

For More Than Decade Mal-
ady of Alabama Woman
Was Continually Sapping
Her Strength.

Mrs. H. P. Barrett, of Republic, suburb of Birmingham, Ala., gives the facts of her remarkable experience with Tanlac, as follows: "During the past fourteen years I have spent more than one thousand dollars trying to get rid of a complaint that was gradually sapping my strength, but until I got hold of Tanlac nothing helped me. For the past four years I have lived almost entirely on milk and bread, and finally even that went against me. Before I had finished the first bottle of Tanlac I got so I could eat anything, and I certainly bless the day I first got this medicine, for I believe it has added years to my life. The people in my neighborhood were so surprised at the change in me that fourteen letters by actual count are now taking Tanlac."

Tanlac is sold in Victoria by Owl Drug Co., and by leading druggists everywhere.

EL LOBO EXPECTED ON FRIDAY MORNING

The oil tanker El Lobo, already some days delayed in reaching Jeco and discharging her crude oil cargo, was further delayed outside Vancouver harbor and forced to linger in English Bay waiting for the fog to lift. The vessel will now be later in coming to Esquimalt than had been expected. It is unlikely that she will be here before Friday morning at the earliest.

Always take an EVEREADY Flashlight with you everywhere

Eveready Flashlights should be in every home. To avoid a mistake—when lights go out and accidents happen—a portable light when and where you need it, the handy Eveready is worth a thousand times its price.

Money Back Offer

We have arranged with our dealers to let you try the new Eveready Flashlight. Order one from your dealer, pay for it, and then use it one evening, and if for any reason you do not think it will be worth to you many times its price, take it back and our dealer will refund your money.

There is an Eveready Flashlight for every purpose—cubical, pocket, and lantern types at prices ranging from \$1.30. The Spot-light is designed especially for outdoors, for automobiles, and wherever long distance light is required; the Diffused Flashlight for indoors, and wherever a broad field of light is needed.

EVEREADY FLASHLIGHTS

Only genuine Eveready Batteries will insure regular, bright-burning service for your Eveready Flashlight. Buy Eveready Batteries for and improve all flashlights.

CANADIAN NATIONAL CARBON CO., LIMITED
Toronto - Montreal - Vancouver

WINNIPEG GRAIN MARKET
Winnipeg, Nov. 9.—The local wheat market was active and somewhat irregular today, with prices showing a spread of about 3¢. The volume of pit trade was not large, but the undertone was inclined to be firm. Hedging sales, which were liberal around the opening, have been taken care of by the existing demand. Futures closed 1¢ to 1½¢ higher. There was a good general trade in the cash wheat market, with a fair demand for No. 1 and 2 northern. Offerings were more liberal, with premiums unchanged to 1¢ lower.

Cash grain futures were all higher to-day in sympathy with wheat. Cash coarse grains also were more active, and the demand for certain grades was much better. Importation totaled 10,000 bushels, 5,700 were wheat.

HOUSES FOR SALE

HOUSES FOR SALE

(Continued)

FROM \$2400 TO \$2000—A REDUCTION OF ONE-THIRD ON ORIGINAL PRICE

SOUNDS hardly possible, but it is a fact. The owner has determined to sell and has dropped \$1200 on the original price for a quick sale. The property consists of a solid factory brick house, containing a good kitchen, living room, bathroom, toilet, pantry, etc., has the modern conveniences and is in a fair state of repair. Also a barn at the rear, suitable for use as a garage. The lot is 130' x 130' all level and in garden. The property is situated on a paved street, in a high locality, modern and convenient, and the taxes are only \$14 per year all paid. The house alone is insured for \$1400.

On any reasonable
terms

SWINTERTON & MUSGRAVE
240 Fort Street

SERVICE AND THE GOLDEN RULE

lients are our "wordmouths" and in broad terms, the best business is in a brokerage firm of real estate in Victoria. You must have experience in dealing with owners as well as tenants and knowledge of values, localities, climate, prevailing winds, transportation facilities, and the local population. You must also have very detailed information as to properties for sale, so that an intending purchaser, by looking at photos and plans and reports on properties, can eliminate those which are not suitable for him. We have this experience, knowledge and information. We can refer you considerably in ANY of our previous purchases.
